ABOUT US

100% Australian Owned & Operated, HULK 4X4 is the choice for Off-Roaders & Four-Wheel Drive enthusiasts who do not follow in others tracks & are not afraid of forging their own path.

BIG.

Our core mission at HULK 4X4 is to supply the best products for the off-roading community, everything you & your mates will need to be ready to get your rigs to your next off-road destination & back time after time.

HULK 4X4 is focused on anticipating & understanding your future needs through developing & growing our product range to bring you new, innovative, & hard-wearing gear.

STRONG.

You can be confident you are backed by strong support from our HULK 4X4 community. The team at HULK 4X4 have an unwavering passion for off-roading, a love of the great outdoors, going off the grid, aren't afraid of gettin' dirty, & don't back down when the going gets tough. We love sharing our knowledge, learning new techniques & receiving feedback to continuously refine our products for the HULK 4X4 community.

TUFF.

HULK 4X4 is committed to supplying quality & dependable equipment that can withstand vigorous conditions when you're stuck in a sticky situation. If it doesn't pass our stringent testing regime & quality control processes, it cannot & will not become a HULK 4X4 product.

Be confident to take on any adventure with HULK 4X4.

HULK Professional Series is our range of premium-grade quality equipment for the true professional, who demands superior technologically-advanced product for their next getaway.

AIR, WHEEL & TYRE ACCESSORIES

AIR, WHEEL & TYRE ACCESSORIES

AIR COMPRESSORS

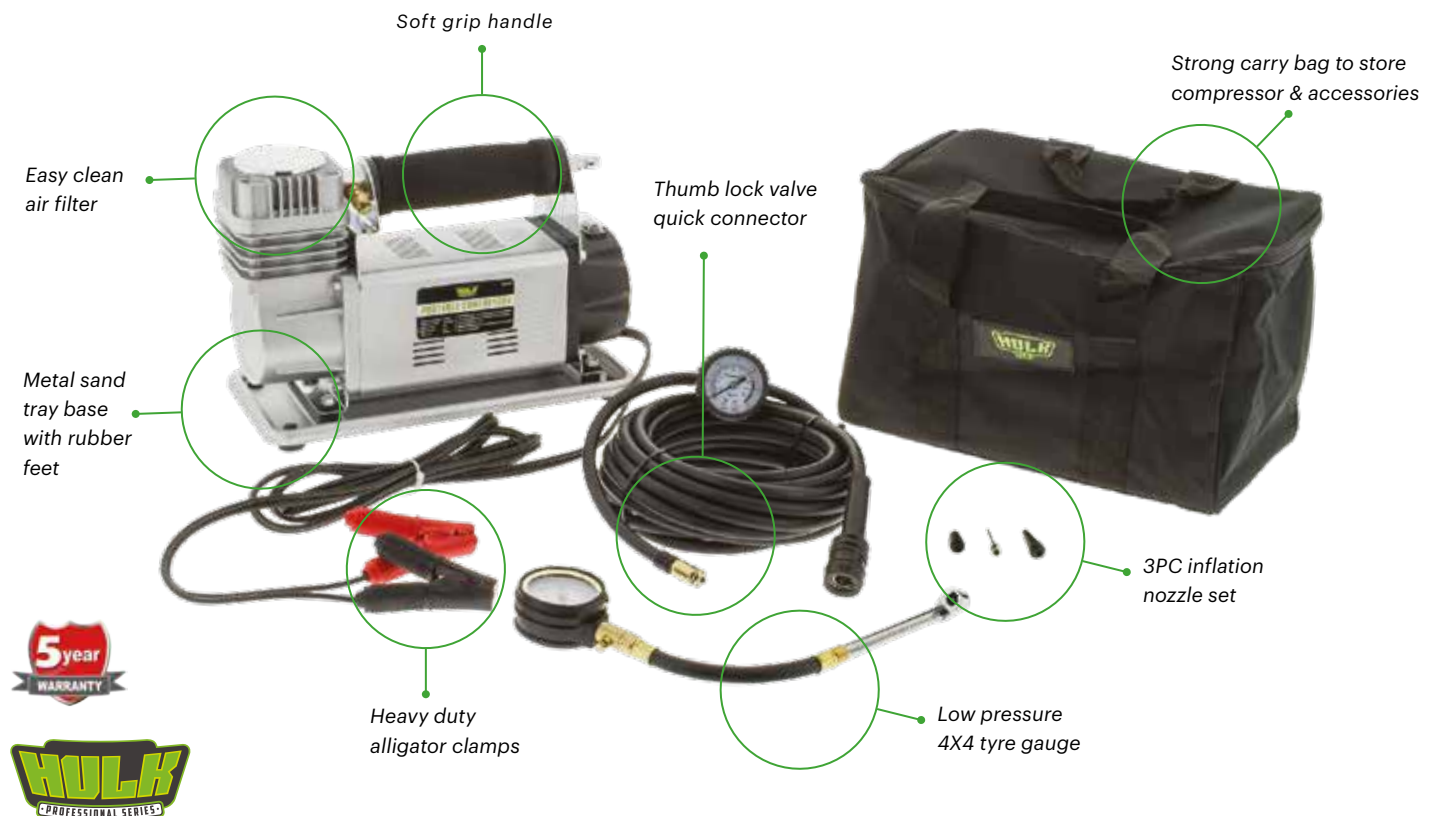

AC0072

Portable Air Compressor

150psi, 72 litres per minute, 12V, 8m rubber hose with gauge & cover, 3m battery leads with clamps, quick connectors & carry bag

- High-performance compressor ideal for 4WD, SUV, trailer & car tyres
- Powerful maintenance-free 1/2 horsepower (0.36kw) oil-less motor
- Automatic thermal cut-off switch protects the motor from damage
- In-line 40A wedge fuse protection
- Can be permanently mounted & hard wired

HU0150

Portable Air Compressor

150psi, 160 litres per minute, 12V, 8m rubber hose with gauge & cover, 2.4m battery leads with clamps, quick connectors & carry bag

- High-performance compressor ideal for 4WD, SUV, trailer & car tyres
- Powerful maintenance-free 3/4 horsepower (0.54kw) oil-less motor
- Automatic thermal cut-off switch protects the motor from damage
- Circuit breaker with reset button
- Can be permanently mounted & hard wired

AIR COMPRESSORS

HU0151

8m Heavy Duty Rubber Hose with Gauge

Thumb lock, valve connector & quick lock fitting,
suits AC0072 & HU0150

AIR, WHEEL & TYRE ACCESSORIES

TYRE DEFLATOR & REPAIR KIT

TO9201

Tyre Deflator

Ideal for fast & accurate deflation when going off-road, large easy to read gauge, quality brass components for long life & precision, storage pouch included

Allows you to remove tyre valve for fast deflation

TO9203

Tyre Repair Kit

Heavy duty tyre repair kit for emergency repairs to tubeless tyres, includes T-handle reamer & insertion tools, 20 x self vulcanising repair strings, lubricant, knife, spare needles & storage case

TO9203-R

Tyre Repair Strings

Refill pack of 20 strings, for use with tubeless tyre repair kits, suits TO9203

WHEEL STEP & STORAGE BAG

HU2700

Adjustable Wheel Step

Fits a variety of vehicles, height & depth adjustment, suits tyres from 230 - 330mm, 200kg rating, strong steel construction

HU2239

Spare Wheel Storage Bag

Ideal for storage of recovery gear or rubbish, heavy duty PVC material, reflective strip, L 460 x W 120 x H 570mm, includes carry bag

AIR, WHEEL & TYRE ACCESSORIES

WHEEL RAMPS & CHOCKS

PACK
OF 2

*Folds flat for
easy storage*

HU0133

Steel Folding Wheel Chocks

Fit for cars weighing up to 400kg, L 190 x W 70 x H 75mm

PACK
OF 1

HU0201

Plastic Anti-Slip Wheel Chock

High-density polyethylene material, anti-slip rubber base, L 208 x W 120 x H 110mm

PACK
OF 1

HU0195

Heavy Duty Plastic Wheel Chock

Rated to 40,000kg, anti-slip metal strip in base, L 470 x W 200 x H 230mm, with built-in carry handle

PACK
OF 1

HU0001

Solid Rubber Wheel Chock

Heavy duty rubber construction with built-in handle, horizontal traction ribs for added grip, L 200 x W 100 x H 150mm

PACK
OF 1

HU0002

Rubber Wheel Chock with Metal Eyebolt

Heavy duty rubber construction, horizontal traction ribs for added grip, L 204 x W 127 x H 104mm

PACK
OF 2

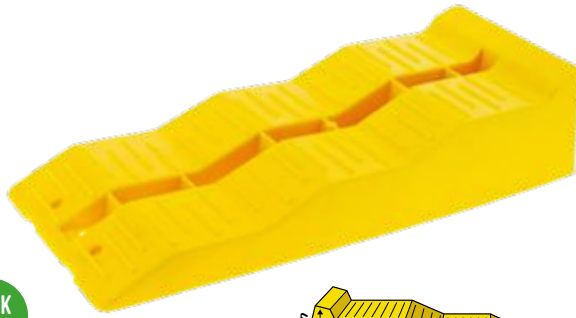

HU0490

Plastic Tyre Saver

Reduces flat spots on tyres when parked for extended periods, can be clipped together for wide wheels, 4,000kg capacity, L 495 x W 215 x H 60mm

WHEEL RAMPS & CHOCKS

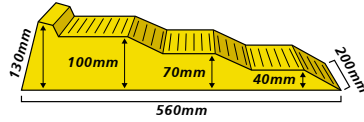

PACK
OF 2

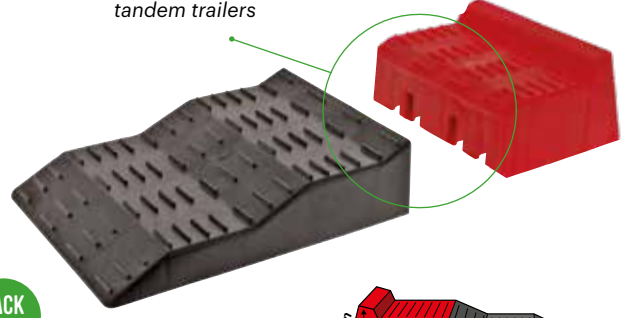

HU0570

Plastic Wheel Level Ramps

For levelling caravans & motorhomes, rated to 5,000kg, ribbed platform improves grip & allows for the use of wheel chocks, L 560 x W 200 x H 130mm, **can be used with HU0570-C**

Can split for
tandem trailers

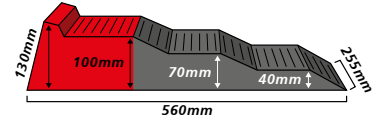

PACK
OF 2

HU0575

Tandem Wheel Level Ramps

3 step heights, can split for tandem trailers, rated to 5,000kg, L 560 x W 255 x H 130mm, **can be used with HU0570-C**

PACK
OF 2

HU0570-C

Levelling Ramp Chocks

Designed for caravans & motorhomes, for use with 3 step levelling ramps, **suits HU0570 & HU0575**

HU0570-B

Storage Bag for Wheel Ramps & Chocks

Heavy duty waterproof polyester, easy storage, **suits HU0570, HU0570-C & HU0575**

PACK
OF 2

HU0924

Tandem Wheel Ramp

Heavy Duty, load capacity 17,000kg/pair, easily change a flat tyre on tandem trailer, L 600 x W 215 x H 185mm

AIR, WHEEL & TYRE ACCESSORIES

LOADING RAMPS

Rubber-coated tips
reduce tailgate
scratches

Carry handle

Latch

CAPACITY

680kg/pair or
340kg/ramp

CAPACITY

182kg/ramp

PACK
OF 2

HU2410

ATV Aluminium Loading Ramps

- Ideal for loading ATV's, quad bikes, dirt bikes & ride-on lawnmowers
- Includes safety strap to prevent kick back of a loaded ramp
- Includes built-in carry handle & latches to keep it held together when not in use
- Ramp weight: 7.2kg per ramp
- Heavy duty reinforced aluminium
- Scratch resistant & folds flat for easy storage
- Dimensions: Unfolded L 2,260 x W 305mm
Folded L 1,160 x W 305mm

PACK
OF 1

HU2420

Motorcycle Aluminium Loading Ramp

- Ideal for loading motorcycles, including both road & dirt
- Includes safety strap to prevent kick back of a loaded ramp
- Ramp weight: 3.5kg per ramp
- Heavy duty reinforced aluminium
- Scratch resistant & folds flat for easy storage
- Dimensions: Unfolded L 2,150 x W 164mm
Folded L 1,070 x W 164mm

LOADING RAMPS

CAPACITY

400kg/pair or
200kg/ramp

PACK
OF 1

HU2430

Motorcycle Aluminium Loading Ramp

- Ideal for loading motorcycles, including both road & dirt
- Includes safety strap to prevent kick back of a loaded ramp
- Ramp weight: 6.3kg per ramp
- Heavy duty reinforced aluminium
- Scratch resistant & folds flat for easy storage
- Dimensions: Unfolded L 1,820 x W 295mm
Folded L 930 x W 295mm

CAPACITY

4,000kg/pair or
2,000kg/ramp

PACK
OF 1

HU2423

Agriculture Aluminium Loading Ramp 2.3m

- Ideal for loading agricultural equipment
- Includes safety pin to prevent kick back of a loaded ramp
- Ramp weight: 17.3kg per ramp
- Heavy duty reinforced aluminium
- Scratch resistant
- Dimensions: L 2,300 x W 440 x H 105mm

HU2438

Agriculture Aluminium Loading Ramp 3.8m

- Ramp weight: 37kg per ramp
- Dimensions: L 3,800 x W 440 x H 140mm

CARAVAN & TRAILER EQUIPMENT

CARAVAN & TRAILER EQUIPMENT

CARAVAN PADS & STEPS

PACK
OF 4

HU0206

Caravan Jack Pad Set

Simple & easy to attach to caravan legs, prevents sinking, metal secure pin & spring locking clip

PACK
OF 4

HU0207

Caravan Stack Pad Set

Provides a stable base for your caravan or motorhome, prevents corner steadies sinking in soft ground, 150mm wide base, **use as is or with HU0206**

HU2701

Single Caravan Step

150kg load capacity, lightweight & made from durable plastic, L 500 x W 350 x H 230mm

HU2702

Double Caravan Step

150kg load capacity, lightweight & made from durable plastic, 1st step height: 185mm, 2nd step height: 340mm, Base dimensions: 360 x 365mm

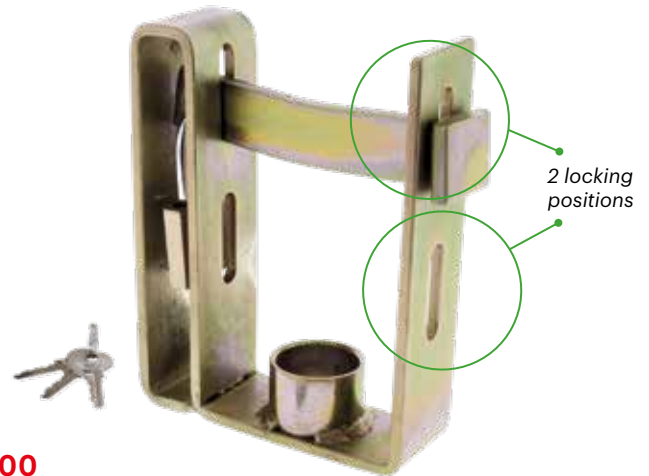

TRAILER ACCESSORIES & CARAVAN STEP

HU1810

Trailer Dolly with 10" Rubber Wheels

Quick & easy way to maneuver trailers/caravans in tight spaces, fitted with 50mm towball, 272kg maximum capacity, L 1200 x W 650mm, ball height 415mm

HU2000

Trailer Coupling Lock

Includes padlock & 3 keys, protects caravan or trailer when parked, hardened steel with anti corrosion zinc coating

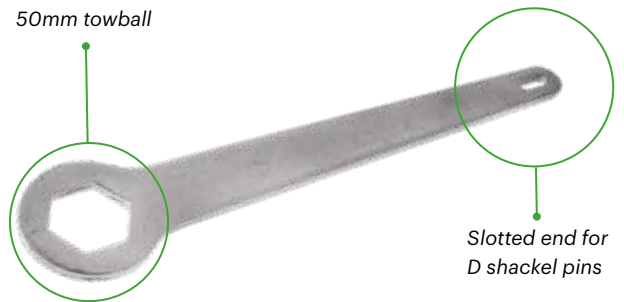

Folds flat for easy storage

HU1600

Single Caravan Step

Made from strong & lightweight aluminium, 220kg load capacity, L 470 x W 300 x H 230mm

HU2015

Tow Ball Spanner

Fits standard 50mm towballs, slotted end for D shackle pins

OFF ROAD JOCKEY WHEEL

The HULK 4X4 Jockey Wheel is the toughest, most advanced Jockey Wheel in Australia today.

Not only are they tough, but versatile too – with multiple height options, a highly maneuverable trailing yoke design & different yoke locking positions.

Thoroughly tested & continually improved, HULK 4X4 Jockey Wheels help set the standard within the camper trailer & caravan industry.

4 height positions
250mm height adjustability at each of the 4 positions. Suitable for 75mm, 100mm, 130mm & 150mm drawbars

Heavy duty square body
Increases load capacity & eliminates 'bend' under weight. Highly rust resistant, salt spray tested for 600 hours

Easy-pivot trailing yoke design
Wheel pivots easily, even under heavy load or on soft ground

Magnetic removable handle
Allows for easy up & down adjustments

Swivel locking handle
Rotates 90° into travel position

Variable yoke lock
Locks the yoke in 5 different positions for safe stowage

Dual 8" wheels with sealed bearings & off-road tread
Increases off-road grip & spreads the load

HU7050

Off Road Jockey Wheel

750kg rated, adjustable height, dual wheels

RUBBER STEP & D SHACKLES

HU0010

Self-Adhesive Rubber Step Tread

Designed to add traction to steps, ramps & trailer mudguards, matching tread patterns allows for multiple connections, adhesive backing.

Available in 12 pack counter display box, Part No: HU0010 x 12

PACK
OF 2

HU2006

D Shackle 6mm

Rated to 500kg/shackle, galvanised finish

HU2008

D Shackle 8mm

Rated to 750kg/shackle, galvanised finish

PACK
OF 1

HU2010

D Shackle 10mm

Rated to 1,000kg/shackle, galvanised finish

CARGO MANAGEMENT

CARGO MANAGEMENT

TIE DOWN STRAPS

PACK
OF 2

HU5100

HU5101

Cambuckle Tie Down Straps

250kg lashing capacity, L 1.8m x W 25mm, ideal for securing loads to trailers, utilities & vans

PACK
OF 4

HU5401

Ratchet Tie Down Straps

270kg lashing capacity, L 4.5m x W 25mm, ideal for securing loads to trailers, utilities & vans

PACK
OF 4

HU5000

Heavy Duty Ratchet Tie Down Straps

650kg lashing capacity, L 4.65m x W 38mm

PACK
OF 1

HU5350

Heavy Duty Ratchet Tie Down Strap

1,100kg lashing capacity, L 3.6m x W 50mm

PACK
OF 1

HU5600

Heavy Duty Ratchet Tie Down Strap

2,150kg lashing capacity, L 6m x W 50mm

TIE DOWN ANCHOR TRACKS

340kg lashing capacity, 680kg breaking strain, fully adjustable, can be mounted to the floor or wall of your 4X4, SUV, ute, truck or trailer

PACK
OF 2

HU5005

Tie Down Anchor Tracks

L 305 x W 28mm aluminium tracks

PACK
OF 2

HU5006

Tie Down Anchor Tracks

L 600 x W 28mm aluminium tracks

PACK
OF 2

HU5007

Moveable Mounting Rings

Allows you to secure more equipment to the anchor tracks,
suits HU5005 & HU5006

FLUSH & SURFACE MOUNT HOUSINGS

The HULK 4X4 range of Sockets, Plugs, Gauges & Housings are a fantastic way of customising your 4X4, Caravan, Camper Trailer, Truck or Boat.

We are fitting & using more electronic accessories in our vehicles today, such as charging phones, tablets, torches, hand-held UHF radios, portable jump packs, fridges, inverters & 12V compressors. As well as power for hand-held spot lights, camping lights, GPS's, dash cams, tyre pressure monitors & head up displays.

The HULK 4X4 range of sockets, plugs & gauges gives you outputs & measurements while on the go, such as Volts, Amps & Temperatures so you'll be able to quickly & easily monitor your vehicle.

Simply choose how many sockets & gauges you require, the mount housing to suit & you are on your way!

Flush Mount Housings

Allows you to flush mount a socket or gauge on any flat surface

HU6601

Single Flush Mount Housing

L 60 x W 42.50mm
Centre To Center: 48mm
Hole Size: 29mm
Two mounting screws included

HU6602

Double Flush Mount Housing

L 105 x W 42.50mm
Centre To Center: 68mm
Hole Size: 29mm
Four mounting screws included

HU6603

Triple Flush Mount Housing

L 150 x W 42.50mm
Centre To Center: 132mm
Hole Size: 29mm
Four mounting screws included

HU6604

Quad Flush Mount Housing

L 110 x W 100mm
Centre To Center: 99mm
Hole Size: 29mm
Four mounting screws included

Surface Mount Housings

Allows you to top mount a socket or gauge on any flat surface

HU6611

Single Surface Mount Housing

L 55 x W 80 x H 50mm
Centre To Center: 41mm
Hole Size: 29mm
Two mounting screws included, tough thermoplastic body

HU6611-1

Single Surface Mount Housing (White)

L 55 x W 80 x H 50mm
Centre To Center: 41mm
Hole Size: 29mm
Two mounting screws included, tough thermoplastic body

HU6612

Double Surface Mount Housing

L 100 x W 80 x H 50mm
Hole Size: 29mm
Two mounting screws included, tough thermoplastic body

HU6613

Triple Surface Mount Housing

L 150 x W 80 x H 50mm
Hole Size: 29mm
Two mounting screws included, tough thermoplastic body

ACCESSORY SOCKETS & PLUGS

**HU6620B****Accessory Power Socket**

12/24V DC, 20A @ 12V, 10A @ 24V, 29mm diameter, protective rubber cap, blue illumination, suits HU6623 & HU6624

HU6620

Non LED version

suits HU6623 & HU6624

**HU6623****Accessory Power Plug**

12V DC, 10A @ 12V, suits HU6620B & HU6620

**HU6624****Combination Accessory Power/Merit Din Plug**

15A @ 12V, 8A @ 24V, suits HU6620, HU6620B & HU6628

Removable tip

**HU6626****Engel Style Socket**

12/24V DC, 20A @ 12V, 10A @ 24V, 29mm diameter, protective rubber cap, socket has threads so the plug stays in, suits HU6627

**HU6627****Engel Style Plug**

12/24V DC, 20A @ 12V, 10A @ 24V, plug has thread so it stays in the socket, suits HU6626

**HU6628****Merit Din Style Socket**

12/24V DC, 20A @ 12V, 10A @ 24V, 29mm diameter, protective rubber cap, suits HU6629 & HU6624

**HU6629****Merit Din Style Plug**

12/24V DC, 20A @ 12V, 10A @ 24V, suits HU6628

**HU6625****RJ45 UHF Radio Socket**

Allows you to plug in your UHF microphone into the vehicle dash, Universal round socket, 29mm diameter

USB SOCKETS

HU6631B
Dual USB Socket

12/24V DC, 29mm diameter, protective plastic cap, blue illumination, IP66 rating

Port 1: 2.4A

Port 2: 2.4A

HU6632B
Dual USB Socket 90° Terminals

To allow shallow fitment, 12/24V DC, 29mm diameter, protective plastic cap, blue illumination, IP66 rating

Port 1: 2.4A

Port 2: 2.4A

HU6630B
Quick Charge QC3.0 Dual USB Socket

8-32V DC, 29mm diameter, protective rubber cap, blue illumination, IP66 rating

Port 1: 2.4A

Port 2: QC3.0 3.6 - 12V 18W

HU6635B
Quick Charge QC3.0 & QC4.0 Dual USB Socket

8-32V DC, 29mm diameter, protective rubber cap, blue illumination, IP66 rating

Port 1: QC3.0 3.6 - 12V 18W

Port 2: Type C QC4.0, 5 - 20V 36W

HU6630
Non LED version

HU6637B
In Car Charger with Dual USB 2.4 & QC3.0

12/24V DC, blue illumination

Port 1: QC3.0 3A @ 5V, 2A @ 9V, 5A @ 12V

Port 2: 2.4A @ 5V

HU6638B
In Car Charger with Dual USB QC3.0 & QC4.0

12/24V DC, blue illumination

Type C: 3A @ 5V, 2A @ 9V, 1.5A @ 12V

QC3.0: 3A @ 5V, 2A @ 9V, 1.5A @ 12V

USB SOCKETS & GAUGES

**HU6641B****DC Voltmeter with QC3.0 USB & On/Off Touch Switch**

8 - 30V DC, 29mm diameter, blue illumination, IP66 rating

**HU6640B****DC Voltmeter**

5 - 30V DC, 29mm diameter, blue illumination, IP66 rating

**HU6650B****DC Ammeter**

12/24V DC, 0 - 10A range, 29mm diameter, blue illumination, IP66 rating

**HU6660B****Dual DC Voltmeter**

5 - 30V range, 29mm diameter, blue illumination, IP66 rating

**HU6670B****DC Voltmeter & Ammeter**

5 - 30V DC, 0 - 10A, 29mm diameter, blue illumination, IP66 rating

**HU6680B****DC Voltmeter with Colour Indicator**

5 - 15V DC, 29mm diameter, with 15V overcharge warning, blue illumination, IP66 rating

**HU6685B****Temperature Meter with Sensor**

12/24V DC, -40 ~ +125°C, 29mm diameter, blue illumination, IP66 rating

ELECTRICAL

OLED GAUGES

OLED technology is here. With an easy to read smooth screen that allows you to keep an eye on Volts, Amps & Temperatures. They also look very modern & stand out from the crowd.

HU6645A

OLED DC Voltmeter

6 - 60V DC, 29mm diameter, amber illumination, IP66 rating

HU6655A

OLED DC Ammeter

12/24V DC, 0 - 100A range, 29mm diameter, amber illumination, IP66 rating, **with 100A shunt**

HU6665A

OLED Dual DC Voltmeter

8 - 60V DC, 29mm diameter, amber illumination, IP66 rating

HU6675A

OLED DC Voltmeter & Ammeter

8 - 60V DC, 0 - 100A range, 29mm diameter, amber illumination, IP66 rating, **with 100A shunt**

HU6690A

OLED Temperature Meter

12/24V DC, -40°C ~ +120°C range, 29mm diameter, IP66 rating, amber illumination, **with temperature sensor**

SWITCH SIZE USB, GAUGES & BATTERY METER

**HU6694B****Switch Size Dual USB**

8 - 32V DC, 2.4A @ 5V, 37.2 x 21.2mm hole size, protective rubber cap, blue illumination

Port 1: 2.4A

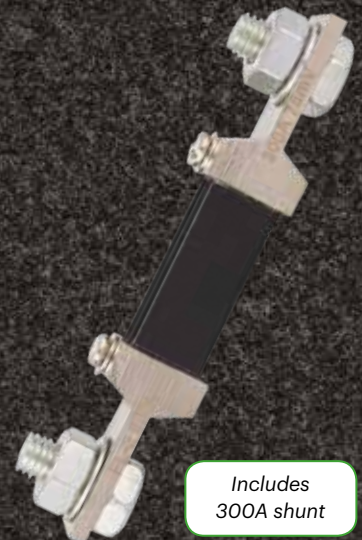

Port 2: 2.4A

**HU6696B****Switch Size Dual DC Voltmeter**

5 - 30V DC range, 37.2 x 21.2mm hole size, blue illumination

**HU6698B****Switch Size DC Voltmeter & Ammeter**

5 - 30V DC, 0 - 10A range, 37.2mm x 21.2mm hole size, blue illumination

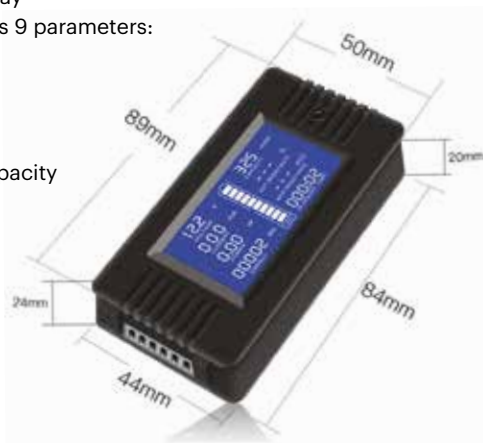

Includes
300A shunt

HU6677B**LCD Battery Meter**

This LCD Battery Meter is perfect for your 4X4, caravan, camper trailer or motorhome. The meter can test & monitor all kinds of battery types & display the measurement data through the bright & easy to read LCD screen.

- Screw-Free Installation
- Large backlit LCD Display
- Simultaneously displays 9 parameters:
 - Voltage
 - Discharge current
 - Discharge power
 - Discharge impedance
 - Internal resistance capacity
 - Dump energy
 - Energy consumption
 - Running time

**Parameter: Test Range**

Voltage: 0 - 200V

Current: 0 - 300A

Power: 0-60000W

Impedance: 0-1000Ω

Internal Resistance : 0-999mΩ

Capacity: 0-1000AH

Dump energy: This is displayed via the battery symbol, 10 grids in total, every grid represent 10% energy

Accumulate energy consumption: 0-9999kWh

Running time: 0 ~ 999 hours

FLUSH MOUNT HOUSINGS & TRAILER CONNECTORS

HU7000

Single Flush Mount Housing with 50A Connector

12/24V DC, includes 50A Anderson Style connector, housing is made from nylon & includes M4 stainless mounting screws

HU7001

Double Flush Mount Housing with 50A Connectors

12/24V DC, includes 2 x 50A Anderson Style connectors, housing is made from nylon & includes M4 stainless mounting screws

HU7005B

Double Flush Mount Housing with 50A Connector

12/24V DC, includes 50A Anderson Style connector, accessory power socket, 20A @ 12V

HU7010B

Triple Flush Mount Housing with 50A Connector

12/24V DC, includes 50A Anderson Style connector, accessory power socket, 20A @ 12V, Quick Charge QC3.0 Dual USB socket

HU7020

7 Pin Flat Trailer Socket with 50A Connector

All-in-one trailer socket with 7 Pin flat & 50A Anderson Style connector with Nite-lite & Reed switch. The dual power trailer socket is designed for camper trailers & caravans requiring high power to the trailer

HU7021

12 Pin Flat Trailer Socket with 50A Connector

All-in-one trailer socket with 12 Pin flat & 50A Anderson Style connector with Nite-lite & Reed switch. The dual power trailer socket is designed for camper trailers & caravans requiring high power to the trailer

SMART 8 WAY SWITCH PANEL

The HULK Professional Series Smart 8 Switch panel is ideal for 4WD's, SUV's, Caravans & Trucks. This system allows you to control up to 8 different auxiliary LED lights or electrical devices.

With 3 programmable switch functions (Toggle, Momentary or Pulsed) possible in every key, each output can be tailored to your own personal settings, including a choice of 60 self-adhesive labels.

The Smart 8 Switch has a built in ON/OFF master switch panel that will automatically adjust the back lighting to "Night Mode". Compact in design, this 8 Switch Panel operates at 12/24V DC & comes with a full accessory kit for complete installation, including spare 60A fuses for the main power supply.

Can be connected with:

- Headlights
- Lightbars
- Worklights
- Beacons
- Winches
- Fans
- Air Compressors
- Differential Locks
- 12V Sockets
- Auxiliary Batteries & more!

Includes:

- Keypad
- Decals
- Fuse block switch assembly
- Loom
- Power & earth cable
- Mounting hardware
- 3 sets of mounting brackets
- Fuses
- Accessories wire
- Cable ties

HU1300

Smart 8 Switch Panel
blue illumination

HU1301

green illumination

9/30V, 60A, 3 programmable switch functions (toggle, momentary or pulsed), includes 60 x self adhesive labels, control up to 8 different auxiliary LED lights or electrical devices, ideal for 4WD's, SUV's, Caravans & Trucks

HU1300C

2.4m Keypad Extension Cable

Suits HU1300 & HU1301

HU1300S

Smart 8 Switch Panel (60 decals)

Suits HU1300 & HU1301

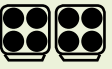

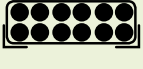

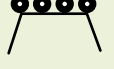

VEHICLE SPECIFIC SWITCHES

Vehicle specific switches are a great way to fit aftermarket accessories to your vehicle. It also eliminates the space issue from drilling & cutting into the dash. These suit various popular models & are available with multiple different laser etched texts & symbols. They are also LED illuminated & are available in various colours, giving you the option to customise your vehicle to your needs.

VEHICLE SPECIFIC SOCKETS, GAUGES & SWITCH HOUSINGS

Suits early Toyota models (Refer to table on page 35 for year application)

HU1405B
RJ45 UHF Socket

Suits early Toyota applications

Allows you to plug in your UHF microphone into the vehicle dash, blue illumination

HU1406B
Dual USB Socket QC3.0

Suits early Toyota applications

Allows you to quickly charge two devices at one time, blue illumination

Output: QC3.0 Max 18W, 2.1A @ 5V,
2A @ 6.5 - 9V, 1.5A @ 9 - 12V

HU1407B
Dual DC Voltmeter

Suits early Toyota applications

Allows you to check & monitor two battery voltages at one time, blue illumination

HU1408W
Dual Temperature Meter

Suits early Toyota applications

Allows you to check & monitor temperatures in & out of vehicle at one time, includes two temperature probes, white illumination

HU1409WB
Temperature & DC Voltmeter

Suits early Toyota applications

Allows you to check & monitor temperature & battery voltage at one time, includes one temperature probe, white/blue illumination

HU1355
Double Flush Mount Switch Panel

Suits early Toyota switches, gauges or sockets

Allows you to flush mount two switches, gauges or sockets

HU1356
Quad Flush Mount Switch Panel

Suits early Toyota switches, gauges or sockets

Allows you to flush mount four switches, gauges or sockets

VEHICLE SPECIFIC SOCKETS, GAUGES & SWITCH HOUSINGS

Suits late Toyota models (Refer to table on page 35 for year application)

HU1385B
RJ45 UHF Socket

Suits late Toyota applications

Allows you to plug in your UHF microphone into the vehicle dash, blue illumination

HU1386B
Dual USB Socket QC3.0

Suits late Toyota applications

Allows you to quickly charge two devices at one time, blue illumination

Output: QC3.0 Max 18W, 2.1A @ 5V,
2A @ 6.5 - 9V, 1.5A @ 9 - 12V

HU1387B
Dual DC Voltmeter

Suits late Toyota applications

Allows you to check & monitor two battery voltages at one time, blue illumination

HU1388W
Dual Temperature Meter

Suits late Toyota applications

Allows you to check & monitor temperatures in & out of vehicle at one time, includes two temperature probes, white illumination

HU1389WB
Temperature & DC Voltmeter

Suits late Toyota applications

Allows you to check & monitor temperature & battery voltage at one time, includes one temperature probe, white/blue illumination

HU1350
Double Flush Mount Switch Panel

Suits late Toyota switches, gauges or sockets

Allows you to flush mount two switches, gauges or sockets

HU1351
Quad Flush Mount Switch Panel

Suits late Toyota switches, gauges or sockets

Allows you to flush mount four switches, gauges or sockets

JUMP STARTERS

Portable Emergency Power Supplies

- Jump starts your vehicle in less time & cost than calling a service vehicle
- Can be used as a power source for most electronic devices
- LED display shows the remaining battery charge
- Can be safely stored in your vehicle in its EVA protective carry case

LED Display

Multi-function showing the battery charge levels & the current levels.

LED Flash Light

An in-built LED Torch with multiple illumination modes such as solid on, SOS (constant flashing) & Strobe flashing.

Battery Cable Socket

Battery terminal socket to insert the battery clamps & lead to the jump starter.

Wireless Charging

Place phone on top of the jump pack for wireless charging (Only supports compatible wireless charging devices).

****This feature is only available on the HU6510 unit.**

Input & Output Charging Sockets

All units come with multiple inputs & outputs for charging phones, mobile devices or powering 12 Volt accessories.

JUMP STARTERS

10,400mAh
800amp

**HU6510****Lithium Cobalt Jump Starter****Features:**

- 10,400mAh battery capacity
- 800A peak current
- Jump starts all petrol vehicles up to 6L & diesel vehicles up to 3L
- Wireless charging (for compatible wireless devices) – 10W
- Multi-mode LED flashlight with solid, SOS & strobe flash modes
- Multi-function LED Display – Shows charge level & current levels
- Reverse Polarity, Short Circuit, over discharging & overheat protections
- Dual “C” type inputs
- Dual USB Ports – Can charge phones, mobiles devices etc.
- Cycle life: 1,000+ cycles at 80% depth of battery charge

Simultaneous wireless
& USB port charging

* Accessories not
included

Includes:

included

Keeping your auxiliary batteries fully charged to their optimum levels

Your vehicle's alternator is not designed to fully charge auxiliary batteries. An insufficient charge may cause sulphation resulting in shorter battery life & impaired performance.

The answer to this is the HULK Professional Series In-Vehicle DC-DC Battery Chargers. They are available in either 20, 25 or 40A & are engineered to operate in the toughest conditions either under bonnet or in-vehicle, charging your auxiliary batteries to their optimum level whilst driving or with solar when parked.

Fully Automatic & using a unique 7 Stage charging algorithm, the HULK Professional Series DC-DC Battery Chargers ensure your battery is charged to 100%, irrespective of size or type.

HU6525

DC-DC Battery Charger 12/24V 25A

Multi Stage 12/24V input, 12V output

HU6540

DC-DC Battery Charger 12/24V 40A

Multi Stage 12/24V input, 12V output,
11-32V DC input

HU6520

DC-DC Battery Charger 24V 20A

Multi Stage 24V output

Features:

- **Automatic Input Selection**

Automatically selects the input, Alternator, Solar, DC, based on the Active input. No manual switching required.

- **Dual Charging Mode**

Works with both fixed voltage (standard voltage 12/24V) & variable voltage (Smart Alternators).

- **Ignition Connection**

Allows "Low Input Operation" suitable for variable voltage alternators.

- **Multi-Chemistry Charging**

Capable of charging a variety of rechargeable batteries, like Lead Acid Wet / Flooded types, GEL, AGM, MF, Calcium & Lithium batteries.

- **Solar MPPT Regulator**

Maximises the power available from solar panels even in low light.

- **7 Stage Intelligent Switch Mode Charging**

Unique charging algorithm enhances the life of batteries by ensuring a full charge & conditioning. It also recovers batteries many times faster than an alternator.

- **Wide Operating Range**

Vehicle voltage input from 11 – 32V, Solar input is from 9 – 42V & DC input (40A only) 11 – 32V.

- **Temperature Compensation**

Using the temperature sensor, the charger continually adjusts its charge rate to suit the battery temperature protecting the battery from overcharging & overheating.

- **Super Quiet Operation**

No internal fan ensures a super-quiet operation.

- **Optional Terminal Block**

An additional accessory that provides ease of wiring when multiple earths are required.

- **Compatible Battery Monitor**

An additional accessory, the LCD display monitors the Main & Auxiliary batteries status.

- **Parallel Connection Units**

Can be connected in parallel to provide more output when using high output alternators.

DC-DC BATTERY CHARGERS & ACCESSORIES

Fully automatic & smart option for computerised battery charging & management! Automatically diagnoses, recovers, charges & maintains batteries.

HULK Professional Series Battery Chargers are multi-stage, fully automatic, switch mode battery chargers & maintainers capable of charging a variety of Lead Acid & Lithium rechargeable batteries. Lead Acid types include Wet/Flooded, GEL, AGM, MF, Calcium & EFB.

HULK Professional Series Battery Chargers are amongst the most powerful & reliable battery chargers on the market. HULK Professional Series Battery Chargers are MCU controlled, which enables the battery charger to charge batteries much faster & safer than traditional battery chargers.

This state of the art technology enables the charger to return the battery to a fully charged state & can also recover slightly sulphated batteries. HULK Professional Series Battery Chargers diagnose & rescue drained batteries & provide trickle & maintenance charging which increases battery life & provides superb performance.

HULK Professional Series Battery Chargers can be left permanently connected without damage to the battery.

Calcium & Lithium Charging

Dedicated charging modes for 12V Lithium & Calcium

Lithium - HU6552 & HU6554

Calcium - HU6554, HU6556 & HU6558

Power Supply Function

Continuous power supply ideal for keeping vehicle preset information when changing a battery or running 12V appliances.

HU6554, HU6556 & HU6558 only.

Boost Function

When batteries are frequently discharged or are left for a long period of time, they become acid stratified & results in reduction of capacity & life. Boost function recovers battery from this condition. For optimal performance of batteries it is recommended to run this function once a year.

HU6554, HU6556 & HU6558 only.

Temperature Sensor

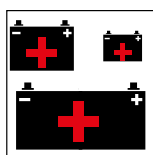

All of our chargers are fitted with temperature sensors, which control charging according to the temperature of the battery charger. Our larger model HU6556 & HU6558 are provided with external temperature sensors which need to be placed near the battery to monitor temperature & in turn adjust charge voltage.

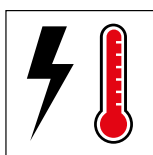

Digital Display

HU6558 is equipped with a backlit, easy to read LED display.

Rescues drained batteries & maintains all size batteries

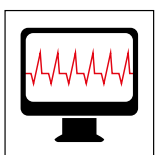

Spark proof technology & protection against overheating

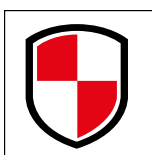

Memory function, returns to the last selected mode when restarted

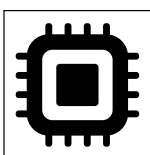

No risk of overcharging

Monitors battery activity

Fully protected against short circuit & reverse polarity connections

Automatically diagnoses, recovers, charges & maintains batteries

XB2 Smart Processor makes the charger more powerful, smarter, faster & increases reliability

BATTERY CHARGERS & ACCESSORIES

1amp

5
STAGE

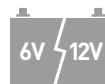

HU6550

Battery Charger 6/12V 5 Stage

- Charges all 6 & 12V lead acid batteries
- Maintains all battery sizes
- Rescues drained batteries over 2.5V
- Constant current charging
- Interchangeable deluxe clamp & ring snap connectors
- Direct plug-in type
- Dimensions: L 110 x W 65 x H 39mm
- IP60 rating

1.2 to 20ah Batteries

Lead Acid

3.8amp

7
STAGE

HU6552

Battery Charger 12V 7 Stage

- Charges 12V lithium & lead acid batteries
- Maintains all battery sizes
- Memory function (returns to last selected mode when restarted)
- Rescues drained batteries over 3V
- Constant current charging
- Interchangeable deluxe clamp & ring snap connectors
- Dimensions: L 189 x W 63 x H 49mm
- IP65 rating

PORTABLE POWER PACK

The original & most advanced battery box. Portable power anywhere.

12V DC / 240V AC Portable Battery Box

- Place a 12V Battery inside & it becomes a 12V Battery Charger, a portable power station, a battery management system & a dual battery system all in one unit
- Can be re-charged in 4 ways, including DC-DC from your vehicle, 2m DC Car Charger lead included
- 7A AC & 7A DC Battery Charger included
- Charges Lithium (LiFePO4), Calcium, AGM, GEL & Lead Acid Batteries
- Built-in 300W inverter (Modified or Pure Sine Wave inverters) with 240V AC power outlet
- Multi-function LCD Control Panel Display with nett watts & Time Tracker technology
- 2 x 10A 12V Cigarette accessory sockets, 1 x 50A Anderson style plug, 1 x 5V 2A USB socket
- Off/On Battery isolator switch
- 2 x Protected external high current battery terminals
- Strong easy carry handle
- Accepts all battery sizes up to 130ah (Battery not included with unit)

Environmental - Friendly

- Silent
- Fuel free
- Solar rechargeable
- Maintenance free
- No running costs
- No fuel emissions

HU6500

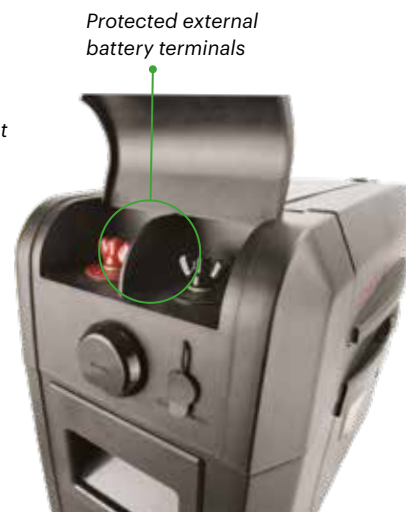

Portable Power Pack 12V

300W Modified Sine inverter for 240V & DC-DC 7A charger

HU6501

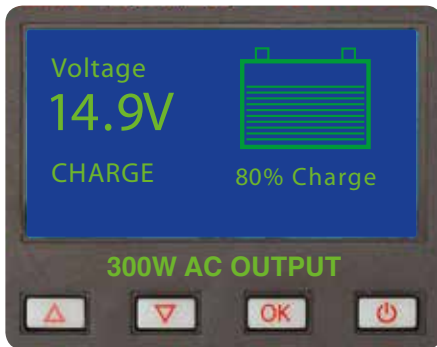

Portable Power Pack 12V

300W Pure Sine inverter for 240V & DC-DC 7A charger

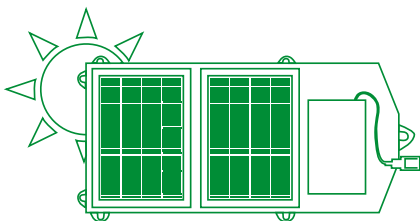

PORTABLE POWER PACK

Time Tracker Battery Management Screen

Time Tracker technology

- Battery type selection & set-up
- Analyse battery condition
- Battery percentage capacity
- Hours remaining before fully charge
- Watts (W) & voltage (V) reading
- Charge cycle stage

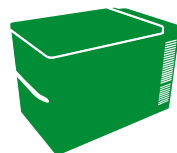

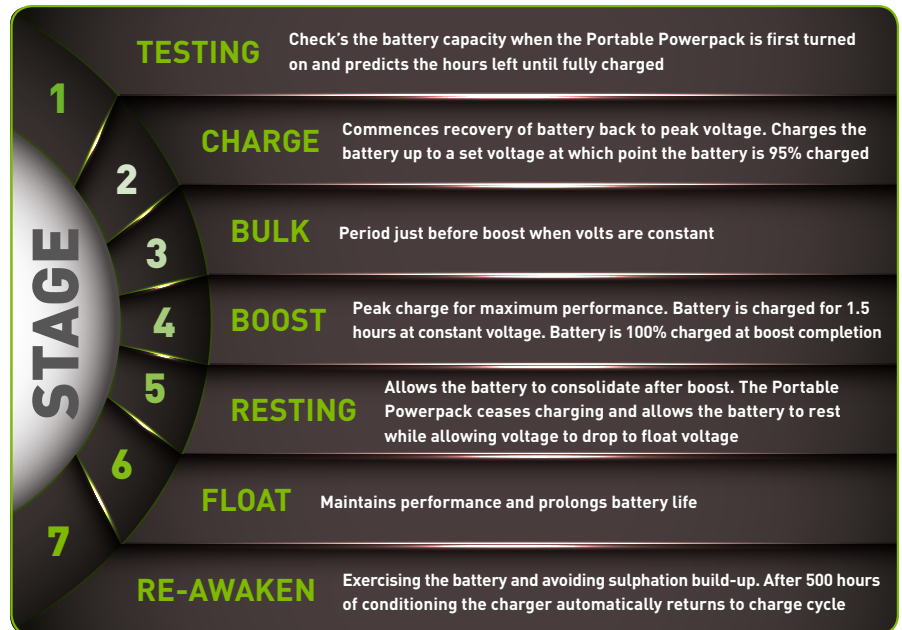

Recharge

Via mains, vehicle, truck or solar panels

Store

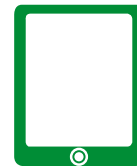

Once recharged, your Portable Powerpack becomes a 240V AC, 12V DC Portable Power Station, Battery Management & Dual Battery System all in one. (Battery not included with unit)

40L Fridge/Freezer
(12V) 168hrs

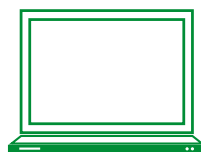

Mobile (USB)
130 Recharges

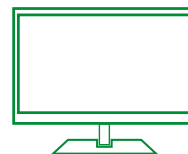

Tablet (USB)

Digital Camera (240V)
110 Recharges

Recharge

Use the power collected in the Portable Power pack to recharge or power your equipment & devices on the go.

* Appliance guide is based on the Portable Power pack being fitted with a 12V 130Ah Deep Cycle Battery. Rating & running times are a guide only, dependent on the use & conditions.

VEHICLE SPECIFIC DUAL BATTERY TRAYS

The HULK 4X4 Dual Battery Tray allows you to fit a second battery to your vehicle, giving you options to power up fridges, lights & much more without draining the main battery. These battery tray kits are heavy duty & come complete with all the mounting hardware.

Features:

- Made from steel & are powder coated for extra protection
- Supplied with all necessary mounting hardware
- Direct fitment

ELECTRONIC THROTTLE CONTROLLER

Transform your vehicle's driving experience

Applicable for modern vehicles that use "fly-by-wire" throttle technology, in other words, vehicles without an accelerator cable. Most fly-by-wire vehicles have a delay from the moment the accelerator pedal is pressed to the time the signal gets to the throttle, otherwise known as "lag".

AU-AUTO MODE

This mode is designed to study your driving style & adjust depending on the situation.

Features:

- Reduces (& in some vehicles, eliminates) lag by giving you the ability to adjust the throttle's sensitivity
- A perfect fit for towing trailers, caravans, or if you simply want to elicit a better response out of your vehicle
- Can be installed in as little as 5 minutes with the included fitting guide

Four modes have 9 adjustment levels. Total of 36 settings available

F1 - COMFORTABLE MODE:

- This mode is designed for smooth acceleration
- Adjustable sensitivity levels (1-9)

F2 - SPORTS MODE:

- This mode improves the instantaneous acceleration
- Adjustable sensitivity levels (1-9)

F3 - PERFORMANCE MODE:

- This mode is designed for maximum acceleration
- Adjustable sensitivity levels (1-9)

AU - AUTOMATIC MODE:

- This mode is designed to study your driving style & adjust depending on the situation. This mode is a great way to set & forget as it will give both power & economy when needed

4X4/ECO FUEL SAVING MODE:

- Reduces the response from the pedal, meaning it can save fuel but also be handy when driving off road over bumps
- Adjustable sensitivity levels (1-9)

STANDARD (BACK TO OE) MODE:

- In the mode the vehicle reverts back to the factory setting
- Not adjustable

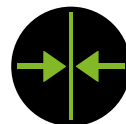

PLUG & PLAY TECHNOLOGY

No wiring required.

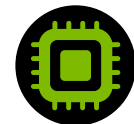

LED BRIGHTNESS SENSOR

Automatically adjusts display according to ambient light available.

SHORTENS THE RESPONSE

Time between accelerator & throttle.

ADVANCED 32 BIT PROCESSOR

High quality & reliable

PERFECT FOR TOWING

As it gets you up to speed quicker.

PEDAL LEARNING FUNCTION

Gives you a bit more leeway with setting up preferred mode.

6 DRIVING MODES

ANTI-THEFT FUNCTION

This is controlled by a pin number. When this mode is selected the car will start & idle but no acceleration will be available.

For detailed application list & specs, refer to [HULK 4X4 website](https://hulk4x4.co.nz)

Application	Part Number
Suits Audi A5, S5 2016 - current	HU8000
Suits BMW all models 2000 - current	HU8010
Suits Chevrolet Camaro 2016 - current, Holden VF Commodore & WN Statesman 2013 - 2017	HU8020
Suits Chrysler 300C 5.7L 2005 - 2007	HU8030
Suits Ford Ranger PJ, PK 2006 - 2011 & Mazda BT-50 J97M 2006 - 2011	HU8040
Suits Ford Ranger PX, PX11 & PX3 2011 - current, Raptor 2018 - current, Mazda BT-50 2011 - 2020	HU8041
Suits Ford Mustang 6th Gen 2015 - current	HU8042
Suits Great Wall 2006 - current	HU8060
Suits Hyundai, Kia, Land Rover & MG applications	HU8070
Suits Hyundai, Kia, MG, Mahindra & Ssangyong applications	HU8071
Suits Hyundai, Kia applications	HU8072
Suits Jeep, Chrysler & Dodge applications	HU8095
Suits Kia Stinger & Hyundai applications	HU8105
Suits Land Rover & Jaguar applications	HU8115
Suits Land Rover & Range Rover applications	HU8116
Suits LDV applications	HU8125
Suits Mazda applications	HU8145
Suits Mazda & Ford applications	HU8146
Suits Mercedes Benz, Maybach & Chrysler applications	HU8165
Suits Mercedes Benz & Volkswagen applications	HU8166
Suits Mitsubishi Triton ML, MN 2005 - 2015 & other Mitsubishi applications	HU8175
Suits Mitsubishi Triton MQ, MR 2015 - current & other Mitsubishi & Suzuki applications	HU8176
Suits Mitsubishi, Jeep, Fiat, Citroen & Peugeot applications	HU8177
Suits Nissan Patrol Y61 GU 2007 - current, X-Trail T31, T32 2007 - current & other Nissan, Renault applications	HU8195
Suits Nissan Navara D40, NP300 2005 - current, Patrol Y62 2010 - current	HU8196
Suits Nissan Navara D22 2008 - current, X-Trail T30 2000 - 2007 & other Nissan applications	HU8197
Suits Peugeot & Citroen applications	HU8215
Suits Subaru Impreza 5th Gen GK/GT 2016 - current & other Subaru applications	HU8225
Suits Suzuki Jimny 4th Gen 2019 - current & Swift 4th Gen 2017 - current	HU8235
Suits Toyota HiLux 8th Gen N80 2015 - current, LandCruiser	HU8245
Suits Toyota HiLux 7th Gen N70 2004 - 2015, LandCruiser	HU8246
Suits Toyota 86 & Subaru BRZ	HU8247
Suits Toyota LandCruiser 100 Series V8 Petrol & other Toyota & Lexus applications	HU8248
Suits Toyota LandCruiser 100 Series 1HD-FTE	HU8249
Suits Volvo & Ford applications	HU8265
Suits Volvo & Mazda applications	HU8266
Suits VW Amarok 2010 - current; Ford Falcon FG, FGX 2008 - 2016 & other VW & Audi applications	HU8275
Suits VW, Audi, Skoda & Porsche applications	HU8276

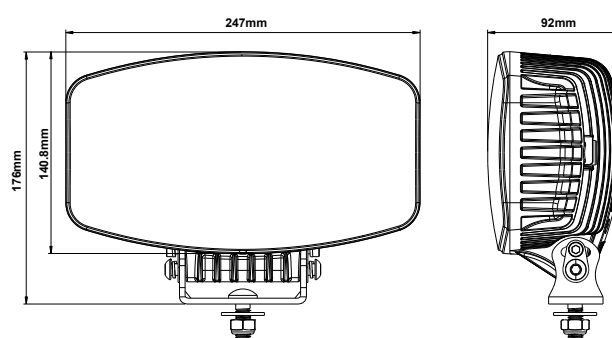

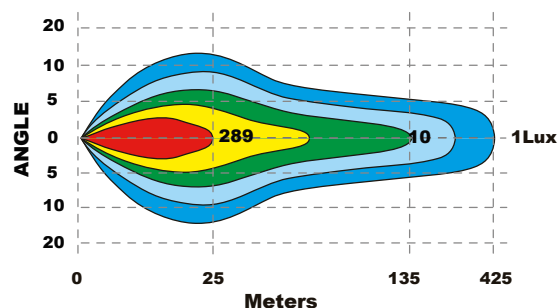

HU9630

9.7" Rectangle LED Driving Lamp

- With amber position & white front position lamp function
- Driving beam
- 1 Lux @ 425m
- 10,000 Raw & 8,500 Effective Lumens
- 180,180cd peak beam intensity
- 4 x 25W high intensity LED's
- 6,000K colour temperature
- 9 - 36V Multi voltage
- Low Current Draw: 6.5A @ 12V & 3.3A @ 24V
- Light transmittance >95%
- Integrated Electronic Thermal Management (ETM)
- Black powder coated aluminium (ADC12) housing
- Weight: 1.95kg
- IP68 & IP69K Rating: Water & Dust Proof
- UV, Rust, Corrosion, Freezing & Shock Resistance
- Reverse Polarity Protection
- Over & Under Voltage Protection
- ECE R112 (Ref No. 37.5), R10, R7 & CE Approved
- LED Lifespan: 50,000 Hours
- Working Temperature: -40°C ~ +60°C

9" Round LED Driving Lamp

Features:

- Driving beam
- 1 Lux @ 701m
- 15,600 Raw & 12,500 Effective Lumens
- 491,000cd peak beam intensity
- 6,000K colour temperature
- 9 – 36V Multi voltage
- Current Draw: 9.8A @ 12V & 4.8A @ 24V
- Integrated Electronic Thermal Management (ETM)
- Weight: 2.5kg
- Over & Under Voltage Protection
- Reverse Polarity Protection
- UV, Water & Shock resistant to 15G
- Anti-rust, Corrosion & Freezing Resistance
- 50,000 Hours LED Lifespan
- ECE, R10 & CE Approved
- IP68 & IP69K Rating: Waterproof for any weather condition
- Environment Temperature: -40°C to +60°C

LIGHTBARS

Black anodized polyester powder coated extruded 6063 Aluminium housing with integrated heat-sink & pressure equalising vent

Polycarbonate reflector focusing optic drive technology with Lexan polycarbonate lens

Cross slider bracket assembly allows the bottom brackets to be positioned anywhere along bar's length

IP68/IP69K rating

Side mount brackets

500mm lead with 2 Pin deutsch plug

Flush Front Fascia with no Exposed Screws
Easy to clean & no chance of screws corroding

Ultra Slim

40.5mm height for Single Row Lightbars &

52.5mm depth for both Single Row & Dual Row Lightbars

PROVIDED WITH:

1. Bottom Mount Bracket - 6063 Aluminium
2. Side Mount Bracket - SUS201 Stainless Steel

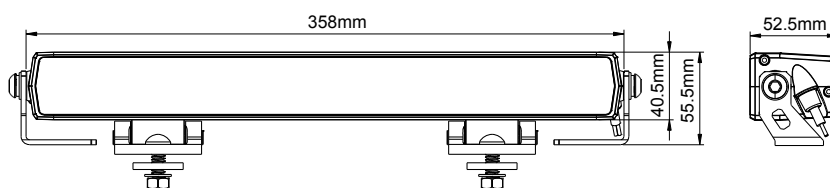

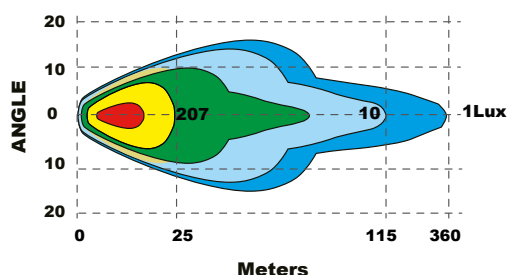

Single Row Light Bars

HU9601

14" Single Row 12 LED Light Bar

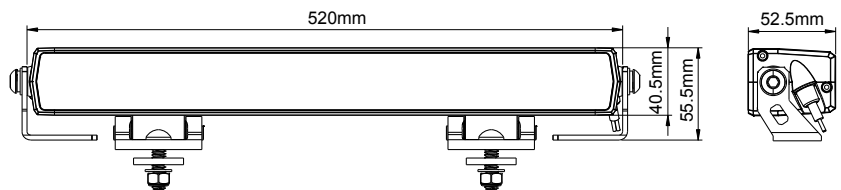

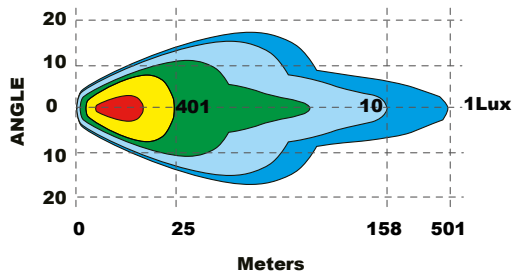

- Driving beam
- 120W, 12 x 10W high intensity LP LED's
- 8,800 Raw & 7,500 Effective Lumens
- 1 Lux @ 360m & 129,300cd peak beam intensity
- 9 - 36V Multi voltage
- Current Draw: 5.3A @ 12V & 2.5A @ 24V
- 358mm length
- Weight: 1.13kg

Beam Pattern

Beam Pattern

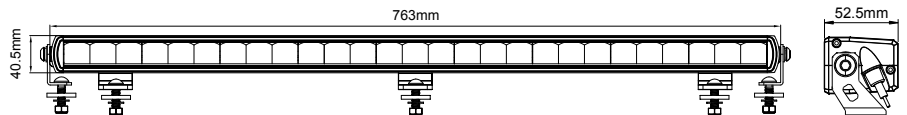

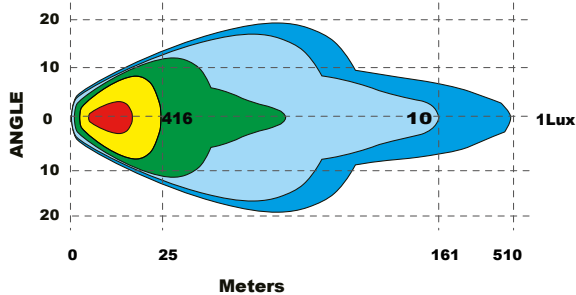

HU9603

20'' Single Row 18 LED Light Bar

- Driving beam
- 180W, 18 x 10W high intensity LP LED's
- 13,200 Raw & 11,200 Effective Lumens
- 1 Lux @ 501m & 315,000cd peak beam intensity
- 9 – 36V Multi voltage
- Current Draw: 8.2A @ 12V & 3.6A @ 24V
- 520mm length
- Weight: 1.46kg

Beam Pattern

HU9607

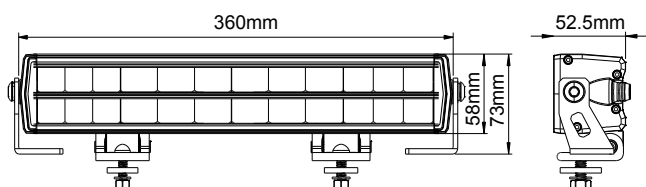

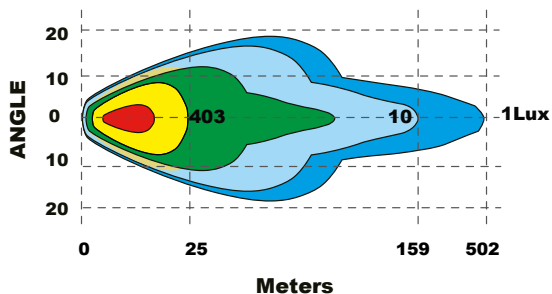

30'' Single Row 27 LED Light Bar

- Combo beam
- 270W, 27 x 10W high intensity LP LED's
- 19,800 Raw & 16,800 Effective Lumens & 6,000K
- 1 Lux @ 510m & 462,400cd peak beam intensity
- 9 – 36V Multi voltage
- Current Draw: 12.4A @ 12V & 6.1A @ 24V
- 763mm length
- Weight: 1.9kg

Dual Row Light Bars

Beam Pattern

HU9609

14'' Dual Row 24 LED Light Bar

- Driving beam
- 120W, 24 x 5W high intensity LP LED's
- 10,800 Raw & 8,600 Effective Lumens & 6,000K
- 1 Lux @ 502m & 252,000cd peak beam intensity
- 9 – 36V Multi voltage
- Low Current Draw: 6.5A @ 12V & 3.2A @ 24V
- 360mm length
- Weight: 1.53kg
- ECE R112 approved

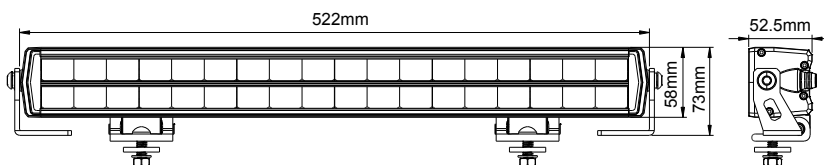

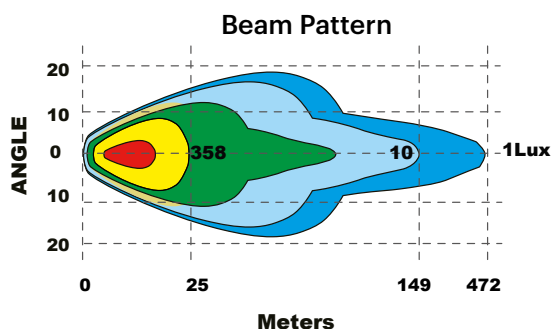

LIGHTBARS

HU9611

20'' Dual Row 36 LED Light Bar

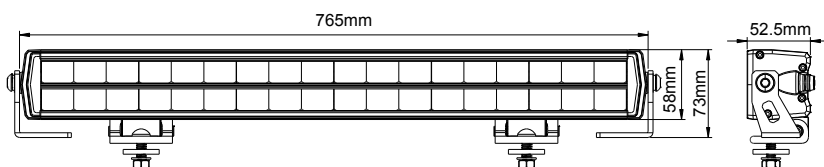

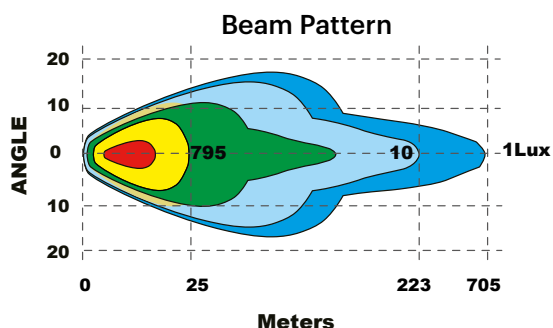

- Combo beam
- 180W, 36 x 5W high intensity LP LED's
- 16,200 Raw & 13,700 Effective Lumens & 6,000K
- 1 Lux @ 472m & 215,000cd peak beam intensity
- 9 – 36V Multi voltage
- Low Current Draw: 8A @ 12V & 3.8A @ 24V
- 522mm length
- Weight: 1.95kg
- ECE R112 approved

HU9612

30'' Dual Row 54 LED Light Bar

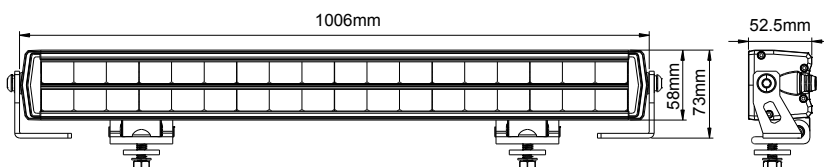

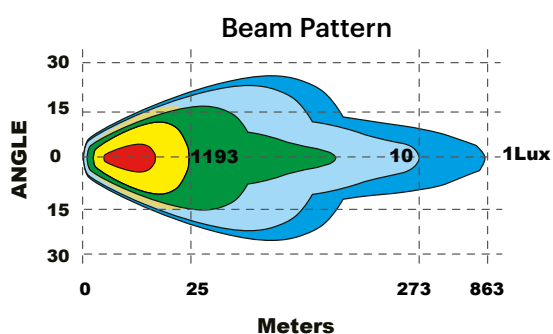

- Combo beam
- 270W, 54 x 5W high intensity LP LED's
- 24,300 Raw & 20,600 Effective Lumens & 6,000K
- 1 Lux @ 705m & 497,000cd peak beam intensity
- 9 – 36V Multi voltage
- Current Draw: 15.2A @ 12 V & 7.3A @ 24V
- 765mm length
- Weight: 2.75kg

HU9613

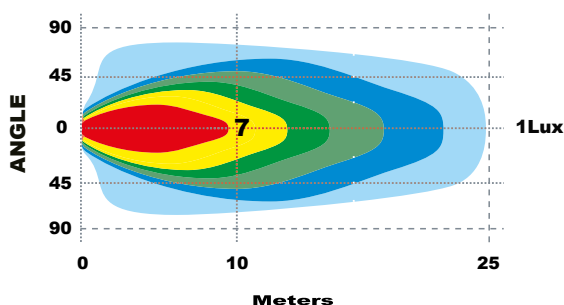

40'' Dual Row 72 LED Light Bar

- Combo beam
- 360W, 72 x 5W high intensity LP LED's
- 32,400 Raw & 27,500 Effective Lumens & 6,000K
- 1 Lux @ 863m & 735,000cd peak beam intensity
- 9 – 36V Multi voltage
- Current Draw: 20A @ 12V & 9.5A @ 24V
- 1006mm length
- Weight: 3.5kg

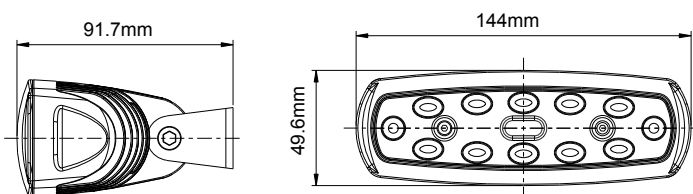

140° Beam Pattern

HU9673

5.6" Rectangle LED Worklamp - 12 LED

- 140° Flood (Ultra wide spread) beam pattern
- 1,960 Raw Lumens, 1,862 Effective Lumens, & 6,500K colour temperature
- 1 Lux @ 25m
- 14.4W, 12 x 1.2W high intensity Lumileds LED's
- Current Draw: 1.1A @ 12V & 0.56A @ 24V
- 9 – 36V Multi voltage
- Mini fish eye acrylic optical system reflector technology with Lexan polycarbonate lens
- Light transmittance >95%
- Integrated Electronic Thermal Management (ETM)
- Black anodised polyester powder coated die-cast aluminium alloy housing with integrated heat-sink
- 300mm Lead with 2 pin deutsch plug
- IP68 & IP69K rating

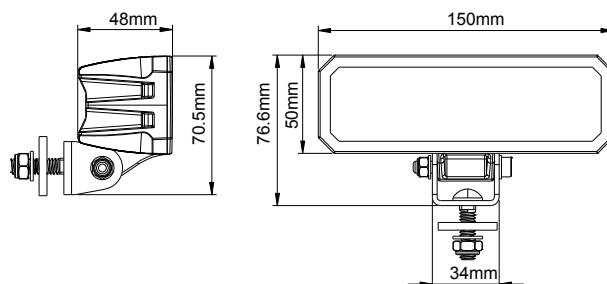

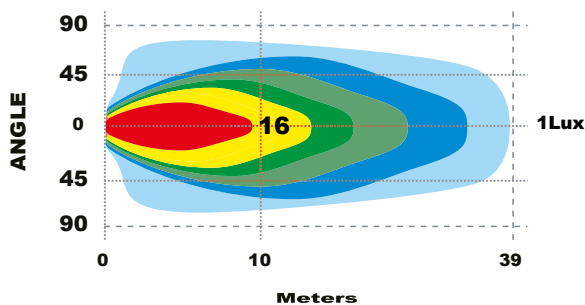

HU9672

5.9" Rectangle LED Worklamp - 8 LED

- 140° flood (Ultra wide spread) beam pattern
- 2,600 Raw Lumens, 2,340 Effective Lumens & 6,500K colour temperature
- 1 Lux @ 39m
- 24W, 8 x 3W high intensity Lumileds LED's
- 9 – 36V Multi voltage
- Current Draw: 1.6A @ 12V & 0.8A @ 24V
- Mini fish eye acrylic optical system reflector technology with Lexan polycarbonate lens
- Light transmittance >95%
- Integrated Electronic Thermal Management (ETM)
- Black anodised polyester powder coated die-cast aluminium alloy
- 300mm lead with 2 pin deutsch plug
- IP68 & IP69K rating

140° Beam Pattern

WORK LIGHTS

Features:

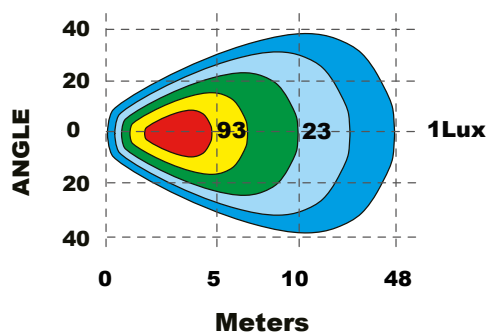

- 60° Flood (Spread) beam pattern
- Unique bug eye reflectors with polycarbonate lens
- Integrated Electronic Thermal Management (ETM)
- Black anodised polyester powder coated die-cast aluminium alloy (ADC12) housing with integrated heat-sink
- Stainless steel single bolt mount bracket & hardware
- In-Built 2 Pin deutsch plug in back of housing
- Over & under voltage protection
- Reverse polarity protection
- UV, Water & Shock resistant
- 50,000 hours LED lifespan
- ECE R10, CE approved & EMC compliant, CISPR 25 Class 4 certified
- IP68 & IP69K rating: Waterproof for any weather condition

HU9675

LED Square Worklamp - 24 LED, 24W

- 1 Lux @ 48m
- 24 x 1W high intensity Lumileds LED's
- 9 - 36V Multi voltage
- 2,800 Effective Lumens, 2,380 Raw Lumens & 5,700K colour temperature
- Current Draw: 1.8A @ 12V & 0.8A @ 24V

Beam Pattern

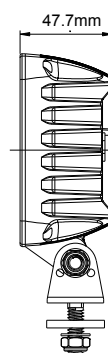

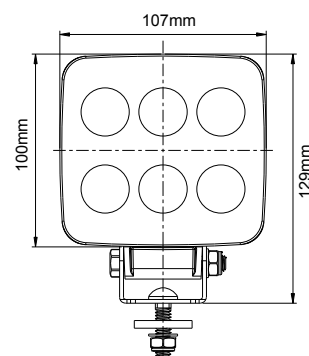

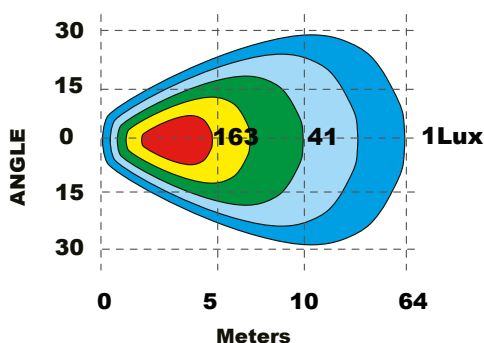

HU9674

LED Square Worklamp - 24 LED, 35W

- 1 Lux @ 64m
- 24 x 1.5W High Intensity Lumileds LED's
- 9 - 36V Multi voltage
- 3,102 Effective Lumens, 3,650 Raw Lumens & 6,000K colour temperature
- Current Draw: 2.2A @ 12V & 1.1A @ 24V

Beam Pattern

LIGHTING

MINEBARS & ACCESSORIES

Designed & manufactured in Australia from high quality components. All minebars equipped with ADR approved LED combination lamps – stop, tail, indicator & reverse lamps. Mounting channel runs entire length of bar allowing virtually unlimited mounting options. Extruded anodised aluminium bar providing greater strength & adaptability.

HU9770

- 1275mm wide
- 12/24V
- Amber LED beacon
- 97db tonal reverse alarm
- 2 x LED combination lamps

HU9760

- HU9770, but with:
- 87db broadband alarm (squashed duck)

HU9771

- 1275mm wide
- 12/24V
- Amber LED beacon
- 97db tonal reverse alarm
- 2 x LED combination lamps
- 2 x Nordic CANIS GO 410 LEDs worklamps

HU9761

- HU9771, but with:
- 92db broadband alarm (squashed duck)

ADR approved combination lamps - stop, tail, indicator & reverse lamps

HU9772

- 1275mm
- 12/24v with
- Amber LED beacon
- 97db tonal reverse alarm
- 2 x LED rear combo lamps
- 2 x forward facing indicator/position lamps

Forward facing indicator/position lamps

HU9778

- 1275mm
- 12/24v with
- Amber LED lightbar
- 97db tonal reverse alarm
- 2 x LED combo lamps

HU9780

Beacon mounting plate, suits all HULK 4X4 minebars except HU9778

HU9781

Buggy whip mounting plate, 12.5mm mounting hole, suits all HULK 4X4 minebars

MINEBAR ACCESSORIES

HU9750

Minebar fitting kit, allows fitment of HULK 4x4 minebars direct to specific vehicle

Application	Part Number
Suits Ford Ranger PXII & PX3 2015 - current, Mazda BT-50 UR 2015 - 2020, Isuzu D-MAX 2012 - 2020	HU9750

Rechargeable LED Headlamp with On/Off Sensor

- 2W COB LED
- Zoom from flood to spot beam patterns
- 2.5 hours charging time
- 360° + 90° rotating adjustable magnetic base
- Removable from headband to use as single light
- Motion activated sensor turns unit On/Off (Hands-free)
- Adjustable headband
- IP44 rating

**600/300 Lumens
Dual Light Output**

**2 - 4 Hours
Operation Time**

HU9693

Rechargeable COB LED Camping Lamp

- 6W COB LED
- 3.7V 2,600mAh Li-ion rechargeable battery
- 4 hours charging time
- 360° + 125° rotating adjustable magnetic base
- 360° swivel hook located at back of base
- IP65 rating

**1,000/500 Lumens
Dual Light Output**

**1.5 - 3.5 Hours
Operation Time**

HU9694

Rechargeable COB LED Camping Lamp

- 10W COB LED
- 3.7V 4,000mAh Li-ion rechargeable battery
- 4 hours charging time
- 360° + 125° rotating adjustable magnetic base
- 360° swivel hook located at back of base
- IP65 rating

HU9695

Rechargeable COB LED Camping Lamp

- 5W COB LED
- 4 hours charging time
- 360° swivel hook located at back of housing
- Magnetic base that swivels 180°
- IP65 rating

HU9690

LED Audio Light with Bluetooth Speaker

- 20W COB LED
- Removable battery pack with power bank (5V - 1A) & with torch
- 1 - 24 Hours operation time
- 4.5 hours charging time
- IP44 rating

CARAVAN & CAMPING LIGHTS

The HULK 4X4 caravan & camping light kits are the perfect way to light up your campsite at night. They are quick & easy to set up, brilliant brightness & come as a complete kit. No matter how big your campsite is or how much light you require, we have options for you.

The perfect accessory for your Outdoor Camping Adventures! DIY Installation with built-in magnets & Plug 'N' Play Connectors IP65 or IP67 rating - Weather Resistant against dust, moisture & water.

Great for:

- Camping
- RVs
- Tents
- Awnings
- Vans
- 4WDs
- Hunting
- Patios
- Closets
- Fishing
- Docks
- Green Houses
- Trailers
- Sheds
- Crawl Spaces
- Trucks
- Cabins
- Emergency Operations
- Caravans
- Camper Trailers
- Canopies

LS9760

Flexible LED Strip Light

- 1.2m Flexible LED Strip Light
- 72 x High Intensity White SMD LED's
- 1,300 Lumens (White) & 6,000K Colour Temperature
- Touch Dimming Switch with On/Off operation
- 5m Lead with 12V Cigarette Plug
- Set of Battery Clamps with 12V Socket
- Convenient carry storage bag
- IP65 rating

Orange light
reduces the
attraction
of insects

LS9761

Flexible Dual Colour LED Strip Light

- 1.2m Flexible LED Strip Light
- 72 x High Intensity Orange & White SMD LED's
- 750 Lumens (White) , 250 Lumens (Orange) & 6,000K Colour Temperature
- Touch Dimming Switch with On/Off operation
- 5m Lead with 12V Cigarette Plug
- Set of Battery Clamps with 12V Socket
- Convenient carry storage bag
- IP65 rating

CARAVAN & CAMPING LIGHTS

Orange light reduces the attraction of insects

LS9763

Single Bar LED Camping Light Kit

- 500mm length each
- 2,700 lumens (White) 6,000k colour temperature
- Easy to install with built-in magnets
- Can be used in conjunction with other kits to increase amount of LED bars in the kit or as a stand-alone unit
- Plug & Play quick connectors with 3m extension lead & car cigarette plug
- IP65 rating

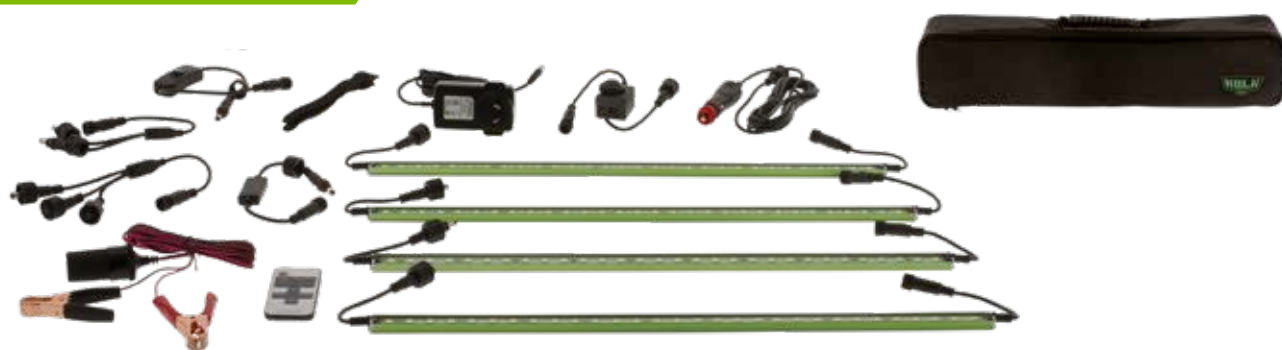

Orange light reduces the attraction of insects

LS9762

2 Bar Dual Colour LED Camping Light Kit

- 500mm length each
- 2,000 lumens (White) & 600 Lumens (Orange)
- Magnet mount & velcro mounting straps
- 5m extension lead
- 3m lead with 12V plug
- IP65 rating

LS9757

4 Bar LED Camping Light Kit

- 4 x 500mm LED light bars
- Dimmable white illumination
- Velcro mounting wraps
- 1 x On/Off switch
- 1 x Dial dimmer switch
- 1 x Waterproof remote control (RF)
- 1 x 3m 12V car cigarette plug
- 1 x Battery terminal clamps with female cigarette plug
- 2 x 2.5m, 2 x 3.5m extension leads
- 2 x 5m extension lead
- 1 x 2 Way splitter cable
- 1 x 3 Way splitter cable
- 10 x Velcro mounting straps
- IP65 rating

Orange light reduces the attraction of insects

LS9758

5 Bar Dual Colour LED Camping Light Kit

- 5 x 500mm LED light bars
- 30 x High intensity orange or white SMD LED's
- 2,000 Lumens (White), 600 Lumens (Orange) & 6,000K colour temperature
- 1 x On/Off switch, 1 x Touch dimming switch with On/Off operation & 1 x Dial dimming switch with On/Off operation
- Easy to install with built-in magnets & velcro mounting straps
- IP65 rating

Orange light reduces the attraction of insects

LS9759

5 Tube Dual Colour LED Camping Light Kit

- 5 x 500mm LED tube lights
- Soft light without glare
- 30 x High intensity orange or white SMD LED's
- 2,000 Lumens (White), 600 Lumens (Orange) & 6,000K colour temperature
- 1 x On/Off switch, 1 x Dial dimming Switch with On/Off operation & 1 x Dial dimming switch with push to change colour operation
- Easy to install with convenient hangers & velcro mounting straps
- Suitable for operation on 12V or 240V AC applications
- Set of battery clamps with 12V socket & car cigarette plug
- IP67 rating

CARAVAN & CAMPING LIGHTS

Orange light reduces the attraction of insects

LS9765

On/Off Dimmer Switch

Plug & play quick connect leads, IP65 rating, suits LED camp lights LS9757, LS9758, LS9759, LS9762

LS9769

240V AC Transformer

12V/3A output, suits LED camp lights LS9757, LS9758, LS9759, LS9762, LS9763, LS9764

LS9767

Single Colour Extension Cable Kit

Extends cable & allows additional lights, includes 3-way splitter cable, 1.2 x 2 x 2.5m, IP65 rating

LS9768

Dual Colour Extension Cable Kit

Extends cable & allows additional lights, includes 3-way splitter cable, 3.5 x 2 x 2.5m, IP65 rating

RECOVERY EQUIPMENT

ELECTRICAL WINCHES

HU1500

Electric ATV Winch 1,500lbs (680kg)

- Ideal for quad bikes, ATV & other small vehicles
- 0.69hp 12V DC motor
- 4mm x 7.6m **steel cable**
- Includes 4-way roller fairlead, wired remote control, G70 ¼" clevis hook & mounting bracket

Working Load: 1,500lbs (680kg)

Gear reduction ratio: 153:1

Cable: 4mm x 7.6m

Drum size: 31.5 x 73mm

Overall dimensions: 285 x 105 x 105mm

Mounting bolt pattern: 80mm

HU3000

Electric ATV Winch 3,000lbs (1,360kg)

- Ideal for quad bikes, ATV & other small vehicles
- 1.34hp 12V DC motor
- 4.8mm x 12m **genuine Dyneema® SK75 rope**
- Includes hawse fairlead, wired remote control, G70 ¼" clevis hook & mounting bracket

Working Load: 3,000lbs (1,360kg)

Gear reduction ratio: 153:1

Dyneema rope: 4.8mm x 12m

Drum diameter: 30mm

Drum length: 72mm

Overall dimensions: 295 x 105 x 105mm

Switching method: Handlebar mounted toggle

HU9500

Electric 4X4 Winch 9,500lbs (4,300kg)

- Ideal for 4WD's & SUV's
- 5.5hp/4.0kw (12V) Series Wound motor
- Main body sealed
- Control Remote switch, 12ft (3.7m) lead
- Gear train: 3 Stage Planetary
- Includes 4-way roller fairlead
- Two-way braking action in the drum

Working Load: 9,500lbs (4,300kg)

Gear reduction ratio: 148:1

Cable: 8.3mm x 28m

Overall dimensions: 537 x 160 x 183mm

Switching method: Handlebar mounted toggle

Mounting bolt pattern: 254 x 114.3mm

Battery Recommended: 650CCA minimum for winching

ELECTRICAL WINCHES

Specifications:

Rated Line Pull: 9,500lbs (4,300kg) single line

Motor: Series wound 6.0hp / 4.4kw, 12V DC

Gear Train: 3 Stage Planetary

Gear Ratio: 212:1

Clutch: Sliding ring gear

Braking action: Automatic in drum

Fairlead: 4-way roller (Steel cable) or hawse (Rope)

Cable or rope: 8.3mm x 28m or 9.5mm x 26m

Drum size: 64 x 254mm

Overall dimensions: 574 x 170 x 198mm

Mounting bolt pattern: 254 x 114.3mm

Battery: 650CCA, 130min reserve capacity min

HU9500S

Electric 4X4 Winch 9,500lbs (4,300kg)

12V, wireless & 3.7m wired remote controls, ideal for 4WD's & SUV's, motor & gearbox - IP67 rated sealed & water resistant, **steel cable**

HU9500R

Electric 4X4 Winch 9,500lbs (4,300kg)

12V, wireless & 3.7m wired remote controls, ideal for 4WD's & SUV's, motor & gearbox - IP67 rated sealed & water resistant, **genuine Dyneema® SK75 rope**

RECOVERY EQUIPMENT

WINCH ACCESSORIES

HU1050

Genuine Dyneema® SK75 Rope

9.5mm x 30m with 2m protective sleeve, 3/8" G70 clevis hook, 9,000kg breaking strain, stainless steel lug & brass thimble, suits 9,500lbs winches

HU1051

Steel Winch Cable Kit

8.33mm x 28m galvanised cable, supplied with 3/8" G70 clevis hook, suits 9,500lbs winches

HU1055

Hawse Fairlead

Can be used on other 9,500 - 12,500lbs rope winches, suits HU9500R

HU1065

Winch Remote Control Kit

Can be used on other 8,000 - 13,000lbs winches, suits HU9500

HU1034

Snatch Block

8,000kg working load limit, greasable shaft for longer life, use with cables up to 13mm

HU1020

Recovery Dampener

Heavy duty black vinyl with silver tape, place over cables, straps or ropes to dampen recoil

GLOVES, SHOVEL, BOW SHACKLES & HITCH

PACK
OF 2

HU1043

4X4 Recovery Gloves

Pig grain leather, keystone thumb, unlined

*Folds in half for
easy storage*

HU1041

Folding Shovel

Carbon steel, strong heat treated 220mm blade, essential for any off-road trip, open length - L 240 x W 155 x H 60mm

HU1029

Bow Shackle 3.25T

3,250kg, galvanised, body diameter 16mm, pin diameter 19mm, tested to AS/NZS 2741.2002

HU1030

Bow Shackle 4.75T

4,750kg, galvanised, body diameter 19mm, pin diameter 22mm, tested to AS/NZS 2741.2002

Cross drilled

HU1031

Recovery Hitch with Bow Shackle

4,750kg working load limit, cross drilled for vertical or horizontal use, fits 50mm square hitch tow bars, corrosion resistant zinc coated body, suitable for most general strap & winch recoveries, tested to AS/NZS 2741.2002

RECOVERY EQUIPMENT

RECOVERY STRAPS

HU1023

Snatch Strap 8,000kg

8,000kg minimum breaking strength, 100% nylon, L 9m x W 60mm

HU1024

Snatch Strap 11,000kg

11,000kg minimum breaking strength, 100% nylon, L 9m x W 75mm

HU1021

Winch Extension Strap

5,000kg minimum breaking strength, 100% polyester, L 20m x W 50mm

HU1022

Tree Trunk Protector/Equaliser Strap

12,000kg minimum breaking strength, 100% polyester, L 3m x W 75mm

RECOVERY KITS & DRAG CHAIN

HU100K

Essential Recovery Kit

Includes 8,000kg/9m snatch strap, 2 x 4.75T bow shackles, leather recovery gloves & heavy duty storage bag

HU200K

Complete Recovery Kit

Includes 8,000kg/9m snatch strap, 20m winch extension strap, 3m tree protector strap, 2 x 4.75T bow shackles, leather recovery gloves, recovery dampener & heavy duty storage bag

HU1032

Recovery Drag Chain

8,000kg working load limit, includes lug link, slip hook, grab hook & storage bucket, L 5m x 8mm chain thickness

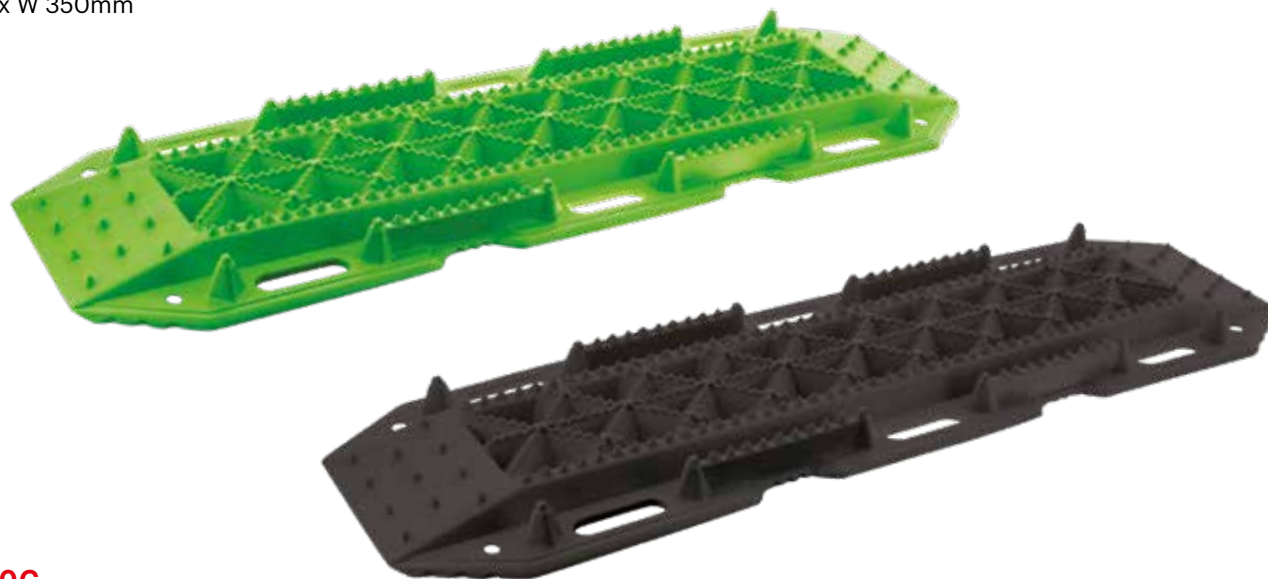

RECOVERY EQUIPMENT

RECOVERY TRACKS

Made of impact-resistant & break-proof polypropylene plastic (PP). Ability to withstand severe bending without the risk of breakage. Large knobs give the tyres a very good grip. Side handles make handling easy. No sharp edges that could damage your vehicle or even injure your hands. Easy to transport on or in the vehicle.

- Suitable for sand, mud & snow
- Made from high impact PP
- L 1,210 x W 350mm

HU1005

Recovery Folding Tracks

- Suitable for sand, mud & snow
- Made from high impact PP
- Use as one or combine to extend its length
- L 1,150 x W 350mm

Can be connected
together

PACK
OF 1

HU0501

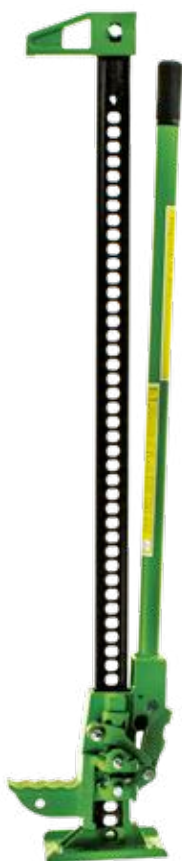

Single Tyre Grip Recovery Track

Easy to use, safe & hard wearing, suitable for sand, mud & snow. L 800 x W 220mm, includes carry bag

RECOVERY EQUIPMENT

HIGH LIFT JACK & ACCESSORIES

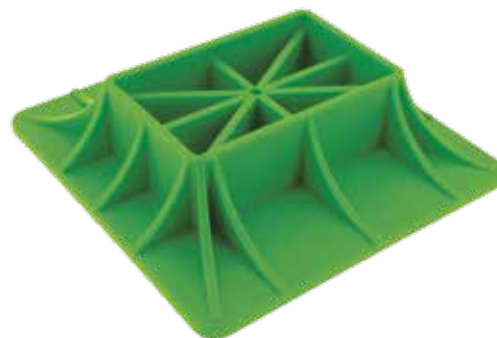

HU1010 High Lift Jack

All Steel, 1,750kg working load limit, minimum lift height 98mm, maximum lift height 1,032mm, complies with the mandatory requirements of AS/NZS 2693.2007

HU1010H High Lift Jack Handle Holder

Secures jack handle safely & prevents rattling during trips, suits HU1010

HU1010B High Lift Jack Base

Stable platform in mud & sand, strong & light weight.
Recess size: L 185 x W 110mm
Overall dimensions: L 295 x W 295 x H 75mm
suits HU1010

HIGH LIFT JACK ACCESSORIES & EXHAUST JACK

HU1010-WL

Wheel Lift Strap & Hook

Rated to 2,000kg, attaches to high lift jack to allow lifting from the wheels, soft coated hooks, suits HU1010

HU1010-BL

Jack Bumper Lift Kit

Rated to 2,000kg, use with high lift jack to lift from bumpers or bullbars, suits HU1010

HU1042

High Lift Jack & Shovel Holder

Stores your high lift jack & shovel safely & securely, adjustable mounting, suits HU1010

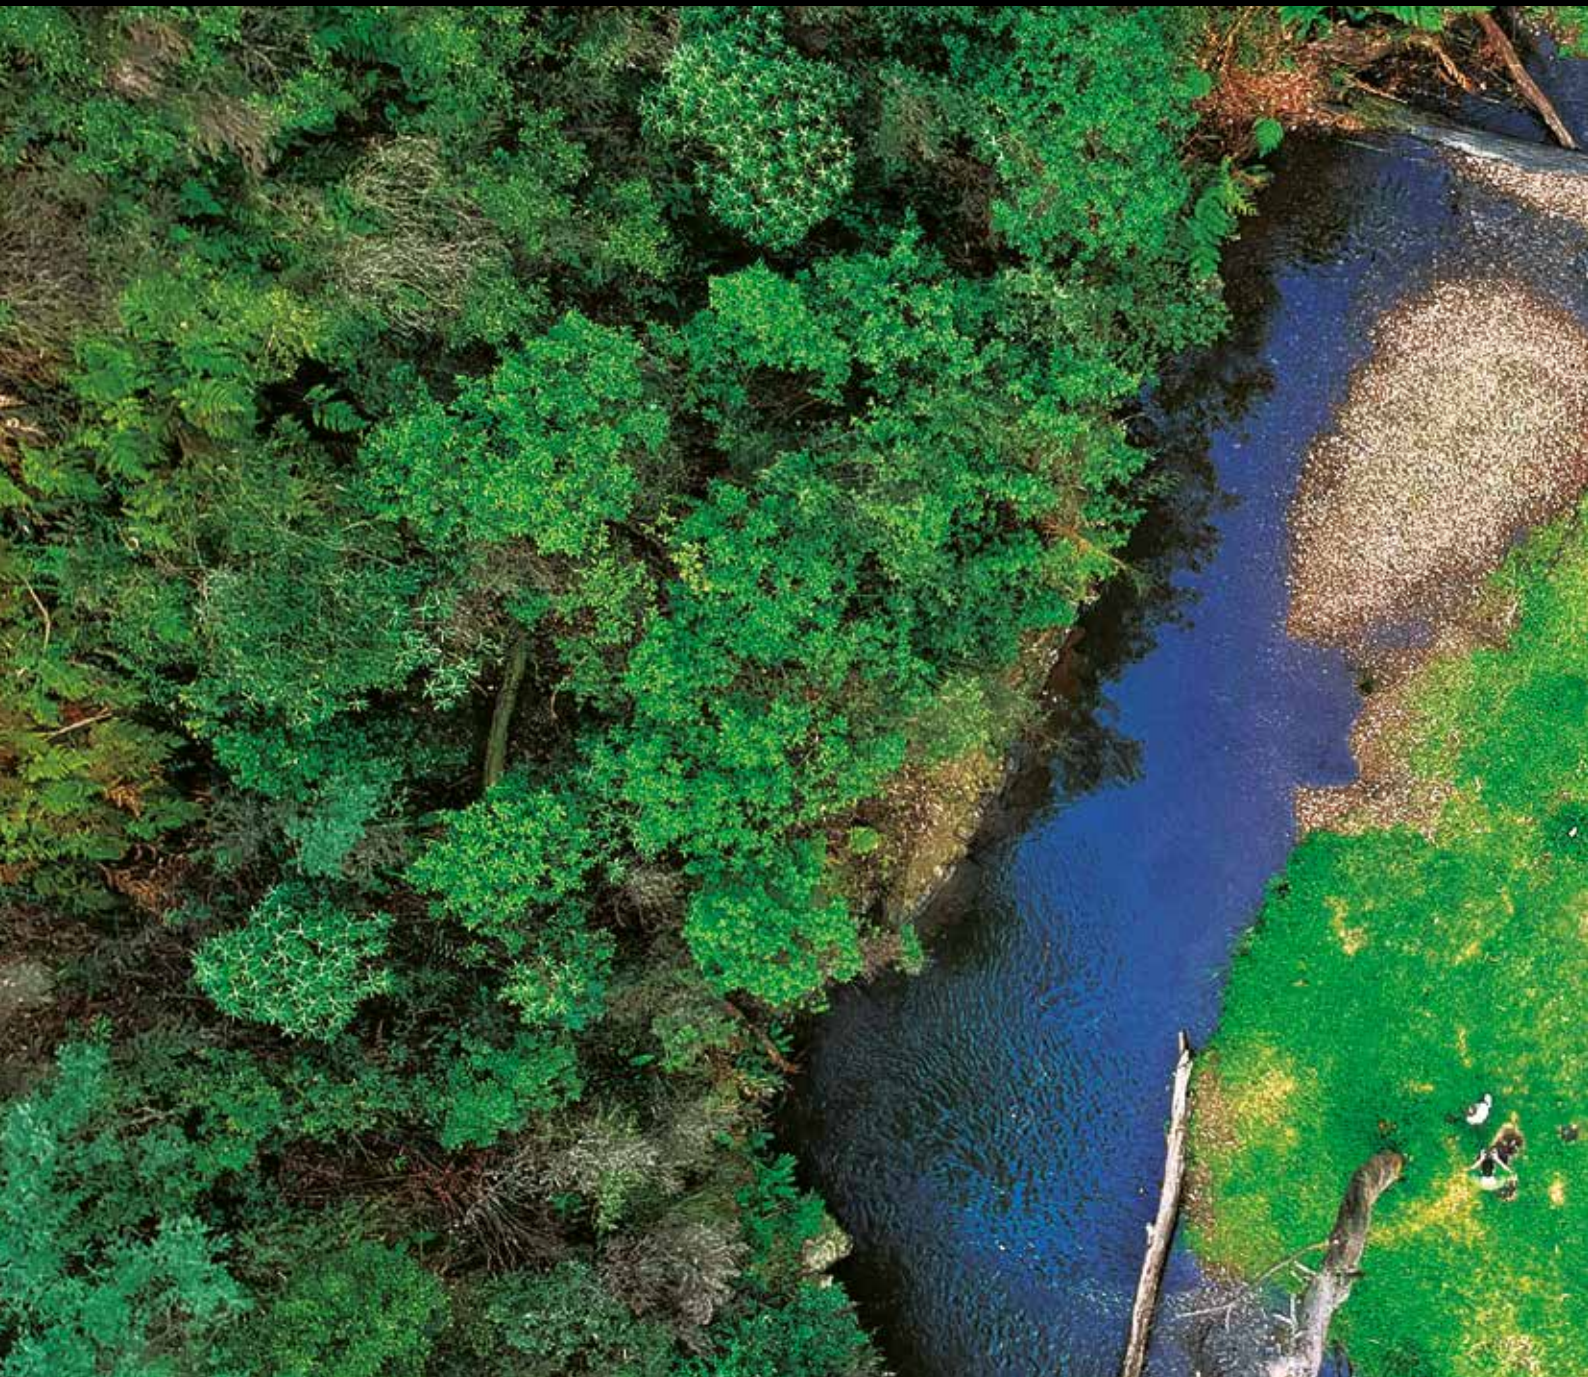

HU0042

Recovery Exhaust Jack Kit

4,200kg maximum lift, heavy duty PVC, includes 6m hose, mats, ground spikes, puncture repair kit & carry bag. Great for sand, mud & snow

TOURING & CAMPING

HU3100

Pull-Out Awning

Dual pole channel system, easy to pack away, 2m wide x 2.5m outwards, **includes fitting kit**

AWNINGS

**HU3030****Awning Side Wall**

Adds extra privacy, shade & shelter to awning, 2.5m wide x 2m outwards, suits HU3100 & HU3025

**HU3010****Side Mosquito Mesh**

Adds an insect enclosure to your awning, 280gsm ripstop polyester fabric, includes 10 x tent pegs & storage bag, 2m wide x 2.5m outwards, suits HU3100

HU3020

Awning Tent

Weatherproof, mesh windows & doors, 2m wide & 2.5m outwards, includes PVC floor & storage bag, [suits HU3100](#)

HU3025

Rear Pull-Out Awning

Dual pole channel system, easy to pack away, lightweight/high strength alloy hinge knuckles, anodised anti-scratch alloy poles, 1.4m wide & 2m outwards, [includes fitting kit](#)

OUTDOOR FLOOR MATTING

Ideal for caravan awnings & annexes, breathable matting reduces the potential to damage grass surfaces.

Features:

- High density polyethylene
- Hemmed edges & strong eyelets for pegging
- Hard wearing
- Rot proof & UV stabilised
- Comes in a handy carry bag for easy storage

FIRST AID KITS

A peace of mind for those emergency & unpredictable scenarios when travelling to remote areas & off the beaten track.

HU1650

Adventurer First Aid Kit

Over 233 pieces, soft durable case, shoulder strap, designed to be stored in 4WD vehicles

HU1651

Personal Vehicle First Aid Kit

Over 80 pieces included, soft durable & compact case, designed to fit in a car glove box or boot

HU1652

Workplace Portable First Aid Kit

Over 140 pieces included, soft durable case, suitable for offices, warehouses, manufacturing facilities & construction sites

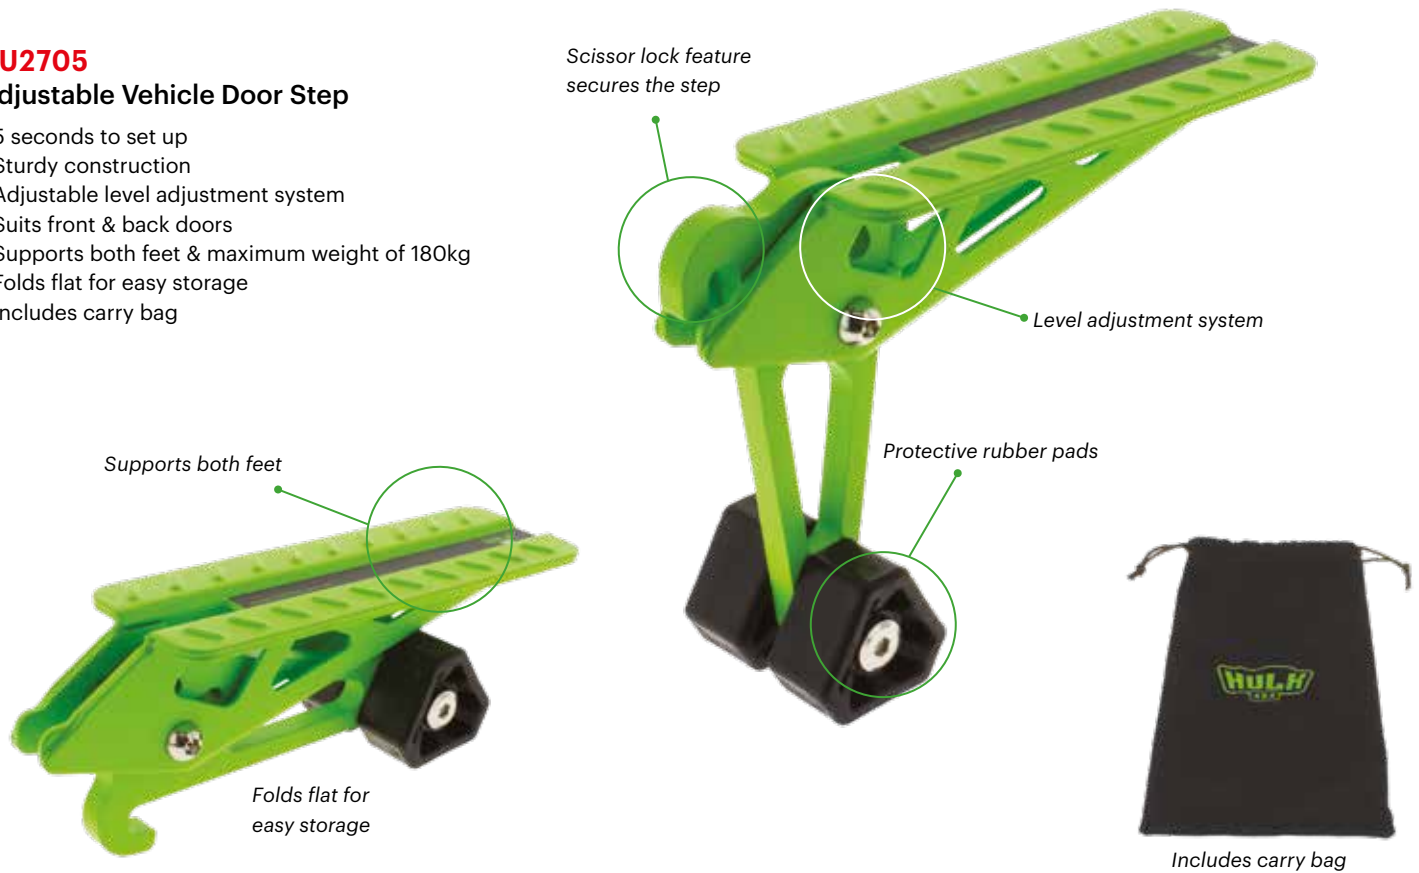

ADJUSTABLE VEHICLE DOOR STEP

The HULK 4X4 Adjustable vehicle door step allows you to gain easy access to the roof of your vehicle. It has a long extended platform which allows for both feet to fit & is rated to carry a total of 180kg. It has a scissor lock system that safely locks the door step in place. It has 2 adjustable positions, meaning that it will suit both front & rear doors. So if you are loading up some camping gear, kayaks, bicycles or even wanting to wash the roof of your car, this is a must have.

HU2705

Adjustable Vehicle Door Step

- 5 seconds to set up
- Sturdy construction
- Adjustable level adjustment system
- Suits front & back doors
- Supports both feet & maximum weight of 180kg
- Folds flat for easy storage
- Includes carry bag

BIG BRAKE UPGRADE KITS

Get **REAL BIG BRAKING PERFORMANCE** with **HULK 4X4 BIG BRAKE UPGRADE KITS**

The braking performance of these kits are staggering, thanks to the Forged 6 Piston calipers & the 356mm slotted & dimpled rotors (Front).

Features:

- Fully ADR approved
- Straight bolt on fitment
- 356mm rotors (Front)/345mm rotors (Rear) – Geomet coated - slotted & dimpled
- 40% increase in swept area compared to 300mm rotor
- Forged 6 Piston calipers with aluminium pistons (Front)
- Kevlar ceramic low dust brake pads
- Stainless steel braided hoses (Can be fitted with up to 40mm lift kit)
- All mounting hardware included

Kits require 18" diameter wheels or larger, depending on offset, Templates are available to check

Fitment	Application	Part Number
Front Kit	Suits Ford Ranger including Raptor; Mazda BT-50	HUK001
Front Kit	Suits Isuzu D-MAX TF/TFS; Holden Colorado RG, Colorado 7, with reverse mount split hub rotor	HUK002
Front Kit	Suits Holden Colorado RG, with external slip on hat floating rotor	HUK003
Front Kit	Suits Toyota HiLux GGN/GUN 8th generation 4WD 2015 - current	HUK004

BRAKES

REAR BRAKE DRUM TO DISC CONVERSIONS

Improve stopping distance by up to 34% over OEM drum brake vehicles.*

For many years the automotive industry has known the superior performance of a disc brake over drums. Discs offer better, safer braking, heat & fade resistance, & consistent performance. The result of this is a **SHORTER STOPPING DISTANCE** in all conditions, but especially when laden.

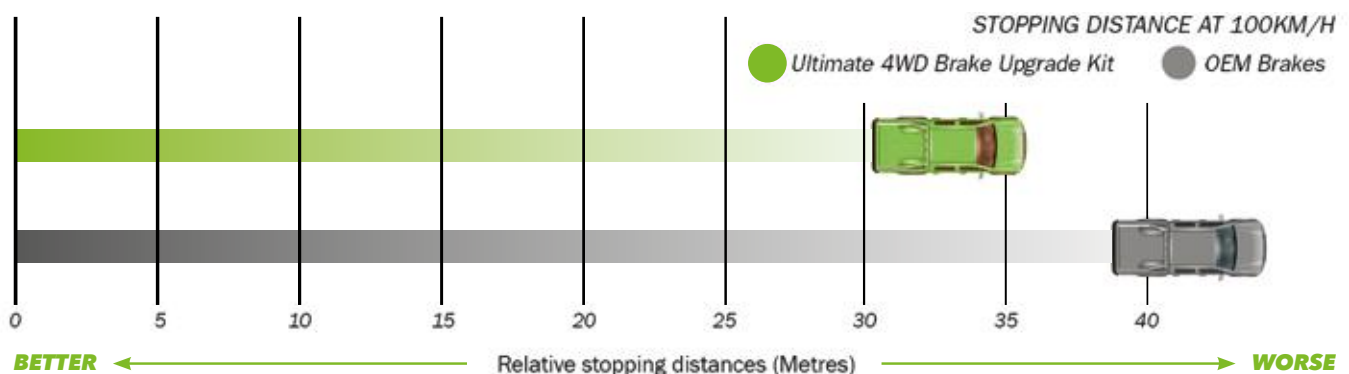

*Independent Australian engineering (including electronic stability control) test results proved that at 100km/h the HULK 4X4 rear disc braking system upgrade stopped on average 32m sooner than the original equipment. A fantastic result that enhances load carrying & towing performance. Official test at vehicle GVM+ weight of 3,590kg.

Features:

- FULLY ADR APPROVED
- 2 Year 40K hydraulic & hardware warranty
- Straight bolt-on fitment
- Geomet coated, slotted rotors
- Vehicle bespoke brake calipers, no other changes required
- Kevlar ceramic low dust brake pads, can be fitted with up to 40mm lift kit

Application	Part Number
Suits Toyota HiLux KUN25/26 8th generation. With double row wheel bearing	HUC001
Suits Toyota HiLux GUN125/126 4WD 2015 - current	HUC002
Suits Ford Ranger PX; Mazda BT-50 UR. Includes wheel bearings	HUC003
Suits Isuzu D-MAX TF/TFS 2WD/4WD 2012 - 2020. Includes wheel bearings	HUC004
Suits Nissan Navara NP300 2WD/4WD 2015 - current. Coil & leaf spring	HUC007
Suits Toyota HiLux KUN25/26. With single row wheel bearing ABS & non ABS	HUC008

DRUM TO DISC CONVERSION IMPROVE STOPPING DISTANCE BY UP TO 34% OVER OEM EQUIPPED VEHICLE.

Note: Varies per vehicle, load carried & road conditions.

BRAKES

BRAKE UPGRADE KITS FOR POPULAR MODELS

Now available, HULK 4X4 brake upgrades for LandCruiser, HiLux, Ranger, BT-50, & Triton. These kits offer affordable upgrades over the standard braking system.

Slotted Rotors

Disc kits consists of a pair of slotted rotors, high quality Akebono or Kevlar ceramic brake pads, & braided brake hoses.

Drum

Drum kits comprise brake drums, Kevlar ceramic brake shoes & braided brake hoses.

Application	Front Part Number	Rear Part Number
Suits Toyota LandCruiser VDJ Series	CDUK-01	CDUK-02

HU2111

30m long

Universal Rubber Tailgate Seal

Features:

- Double lipped seal that reduces dust, water, dirt & moisture from entering ute trays
- Includes 3M VHB double sided tape
- Heavy duty EPDM rubber
- Fits most popular tailgates, trim to exact fit
- Can be fitted with or without tub liner

TAILGATE ASSIST KITS

The ute has become a very popular choice of vehicle to purchase for many reasons, however the tailgate on these vehicles can be very difficult to manage due to it's weight & height. HULK 4X4 have a solution to help assist with this issue.

The kits are simple & easy to fit, comes complete with 2 struts & all the required mounting hardware. One side will assist with the slow soft down direction of the tailgate while the other side will assist with the lifting in the up direction.

The fitted kit makes the tailgate safer around children, with the ability to open & shut with one hand.

Application	Part Number
Suits Ford Ranger 2011 - current, PX, PXII & PX3 & Mazda BT-50 2011 - 2020	HU5900
